Strategic Studies And World Order:

Strategic Studies and World Order Bradley S. Klein, 1994-05-05 In this 1994 book Bradley Klein draws upon debates in international relations theory to raise important questions about the nature of strategic studies. He argues that post modern critiques of realism and neorealism open up opportunities for new ways of thinking about nuclear deterrence. In clear and uncluttered language he explores the links between modernity, state building and strategic violence and argues that American foreign policy and NATO undertook a set of dynamic political practices intended to make and remake world order in the image of Western identity. Klein warns against too facile a celebration of the end of the Cold War concluding that it is even more imperative today to appreciate the scope and power of the Western strategic project. The book will be of interest to students of international relations theory, strategic studies, peace studies and US foreign policy. **World Ordering**

Emanuel Adler, 2019-03-07 We usually identify international orders with stability and established arrangements of units and institutionalization. Between a New World Order and None Risse-Kappen, Thomas, York Centre for International and Strategic Studies, 1995. Report of Strategic Studies in China (2018) Honghua Men, 2019-08-10 This book is devoted to taking a lead in establishing a multi disciplinary and inter disciplinary platform for exchanging fresh thinking in the field of strategic studies. The book gathers invited reports from various prestigious scholars from home and abroad. The aim of this book is threefold: firstly to provide a comprehensive overview of the emerging evolution in international and regional orders as well as the recent strategy adjustments among major world powers; secondly to discuss major strategic issues facing China and to further propose the Chinese wisdom and a Chinese strategic approach to sustaining peace and development and to reaching a benign international interaction between China and other entities in the world such as achieving cooperation and mutual benefits between China and the world; thirdly to investigate the key factors in enhancing China's domestic governance such as strengthening state political capacity, national environmental governance etc. The editorial group selected 10 high quality reports to disseminate the findings and promote future research collaboration in this area. This timely book offers both theoretical insights and rigorous quantitative methods that impact China's peaceful rise in the international arena.

Report of Strategic Studies in China (2019) Honghua Men, Xi Xiao, 2020-09-28 This book is devoted to taking a lead in establishing a multi disciplinary and inter disciplinary platform for exchanging fresh thinking in the field of strategic studies. The book gathers invited reports from prestigious scholars in such research areas as political philosophy, economy, history, international security and diplomacy. The theme of the book is grand in nature for the world is undergoing once in a century great transformation, meanwhile China faces the critical moment for its great rejuvenation. How China thinks about and designs its relations with the world is a key issue in the international arena. The book reveals that the greatest challenge to China in this context is how to secure and extend its period of strategic opportunity and actively shaping this period should be regarded as the core trend of its response. The aim of this book is threefold: firstly to provide a comprehensive overview of

the undergoing world transformation and its interaction with China to analyze how China deals with internal and external challenges why China could still have strategic opportunities and what will and should China do to sustain and reshape its period of strategic opportunity secondly to analyze how China deals with fierce strategic competition with the U S and how it develops its relations with other countries especially great powers to analyze the challenges that the BRI faces and how China reshapes its relations with other developing countries via cooperation on the BRI thirdly to provide a vivid picture of world transformation and China's design of its grand strategy to investigate the key factors in securing China's sustainable development and its period of strategic opportunity and indicates that the key is to develop a global vision and provide new strategic opportunities for the world and the support comes from a stronger presence in the region and an optimized geopolitical and economic environment The book provides Chinese visions and wisdom on world transformation and strategic opportunities reveals Chinese wisdoms in dealing with transformation and crises all readers could learn more if they could keep calm and think
