Strategic Issues Management Vol 1 Organizations And Public Policy Challenges:

Strategic Issues Management Robert L. Heath, Michael J. Palenchar, 2008-09-23 Strategic Issues Management explores the strategic planning options that organizations can employ to address crucial public policy issues engage in collaborative decision making get the organization's house in order engage in tough defense and smart offense and monitor opinion changes that affect public policy In this fully updated Second Edition authors Robert L Heath and Michael J Palenchar offer practical actionable guidance that readers can apply to organizations from large Fortune 500 companies to nongovernmental organizations and start up high tech companies Features Includes a NEW chapter on brand equity updated examples theories and cases throughout new information on activists and activism and increased attention to the role that technology plays in issues management Explores ways public relations risk communication and crisis communication can be used to address crucial public policy options Advises managers on ways to lessen the chance of a crisis becoming an issue through an examination of crisis preparation and responses Addresses the topic of reputation management by exploring the connection between issues management and brand equity using examples from McDonald's and Wal Mart Challenges managers to engage in collaborative decision making with community leaders and residents to reduce the chance that undue fear will translate into unnecessary regulation or legislation Opens each chapter with case study vignettes and closes with summary questions and issues management challenges Strategic Issues Management is appropriate for courses in Corporate Strategic Communications Public Relations Management Crisis Risk Communication Strategic Management Public Relations Management Organizational Communication and Public Policy and Administration

Encyclopedia of Political Communication Lynda Lee Kaid, Christina Holtz-Bacha, 2008 Political communication began with the earliest studies of democratic discourse by Aristotle and Plato However modern political communication relies on an interdisciplinary base which draws on concepts from communication political science journalism sociology psychology history rhetoric and others This two volume resource considers political communication from a broad interdisciplinary perspective encompassing the many different roles that communication plays in political processes in the United States and around the world The Encyclopedia of Political Communication discusses the major theoretical approaches to the field including direct and limited effects theories agenda setting theories sociological theories framing and priming theories and other past and present conceptualizations With nearly 600 entries this resource pays considerable attention to important political messages such as political speeches televised political advertising political posters and print advertising televised political debates and Internet sites The audiences for political communications are also central necessitating concentration on citizen reactions to political messages how the general public and voters in democratic systems respond to political messages and the effects of all types of media and message types Key Features Encompasses several channels of political communication including interpersonal and public communication radio television newspapers and the World Wide Web Provides news media coverage and

journalistic analysis of politics political issues political figures and political institutions Concentrates on the field of political communication since the middle of the 20th century Emphasizes political communication from the point of view of the United States but there is substantial and important research and scholarship on political communication in international contexts Considers the role of communication in governing incorporating communication activities that influence the operation of executive legislative and judicial bodies political parties interest groups political action committees and other participants in political processes Key Themes Biographies Books Films Journals Television Democracy Democratization Education and Nonprofit Organizations Elections Government Operations and Institutions Legal and Regulatory Media Events Media Outlets and Programs Role of Media in Political Systems News Media Coverage of Politics Political Affairs Theoretical Approaches Types of Political Media Political Attitudes Political Campaigns Political Events Political Groups and Organizations Political Issues Political Journalism Theoretical Concepts Women in Politics The Encyclopedia of Political Communication is designed for libraries undergraduates and members of the public with an interest in political affairs Media and political professionals as well as government officials lobbyists and participants in independent political organizations will find these volumes useful in developing a better understanding of how the media and communication function in political settings http://catdir.loc.gov/catdir/enhancements/fy0828/2007026514_d.html Ongoing Crisis Communication W. Timothy Coombs, 2018-12-18 Ongoing Crisis Communication Planning Managing and Responding provides an integrated approach to crisis communication that spans the entire crisis management process and crosses various disciplines Drawing on firsthand experience in crisis management author W Timothy Coombs introduces a three staged approach to crisis management pre crisis crisis and post crisis A truly integrative and comprehensive text this book explains how crisis management can prevent or reduce the threats of a crisis providing guidelines for how best to act and react in an emergency situation The Fifth Edition includes new coverage of social media social networking sites and terrorist threats and includes expanded discussions of internal crisis communication and intuition in decision making Visit the author's blog at <https://coombscrisiscommunication.wordpress.com> **Handbook of Risk and Crisis Communication** Robert L. Heath, H. Dan O'Hair, 2020-10-28 The Handbook of Risk and Crisis Communication explores the scope and purpose of risk and its counterpart crisis to facilitate the understanding of these issues from conceptual and strategic perspectives Recognizing that risk is a central feature of our daily lives found in relationships organizations governments the environment and a wide variety of interactions contributors to this volume explore such questions as What is likely to happen to whom and with what consequences To what extent can science and vigilance prevent or mitigate negative outcomes and What obligation do some segments of local national and global populations have to help other segments manage risks shedding light on the issues in the quest for definitive answers The Handbook offers a broad approach to the study of risk and crisis as joint concerns Chapters explore the reach of crisis and risk communication define and examine key constructs and parse the contexts of

these vital areas As a whole the volume presents a comprehensive array of studies that highlight the standard principles and theories on both topics serving as the largest effort to date focused on engaging risk communication discussions in a comprehensive manner Now available in paperback the Handbook of Risk and Crisis Communication can be readily used in graduate coursework and individual research programs With perspectives from psychology sociology anthropology political science economics and communication the Handbook provides vital insights for all disciplines studying risk and is required reading for scholars and researchers investigating risk and crisis in various contexts
