

Self-Governance

Self-governance is a management philosophy that promotes autonomy, responsibility, and decentralized decision-making within an organization. It empowers individuals or teams to make decisions based on their expertise and understanding of the organization's goals and values.

Strategies For Self Government:

Neo-Liberal Strategies of Governing India Ranabir Samaddar, 2016-05-26 Neo liberal Strategies of Governing India and its companion volume Ideas and Frameworks of Governing India tell the story of governance in independent India and address the critical question how is a post colonial democracy governed Further they attempt to understand why the process of governing a post colonial democracy particularly in the neo liberal age should be studied as the central question within the history of post colonial democracy The volumes offer hitherto unexplored analyses of governance political and ideological aspects along with technological characteristics in a historical framework This volume discusses a contemporary history of democracy ways of governing resistance and their engagement political economy development and neo liberal governance governance as a strategy of accommodating claims and facilitating accumulation In breaking new ground in the study of what constitutes the political subject these volumes will be indispensable to scholars researchers and students of politics public administration development studies South Asian studies and modern India

Development Strategies and Governance in India Bala Ramulu Chinnala, 2024-08-28 This volume traces India's developmental strategies and governance systems from state led to market driven models over seven decades highlighting the disconnect between the values enshrined in the Constitution and the governance of policies It examines a broad spectrum of development approaches addressing deeply entrenched socio economic issues including poverty unemployment food insecurity inequalities agriculture technology pandemics marginalized communities people's participation decentralized governance and the challenges in socio economic program implementation Underscoring that policies require a clear purpose and trustworthy governance systems for empowering the marginalized it points out that failures are primarily at the policy level due to a lack of ideological clarity spurred by growth and welfare dilemmas The volume further provides insights into India's development and social transformation and serves as a resource for those engaged in the study or practice of policy making This book is particularly valuable for students and researchers of development studies economics political economy public policy political studies sociology governance and South Asian studies

How Cities Can Transform Democracy Ross Beveridge, Philippe Koch, 2022-10-12 We live in an urban age It is well known that urbanization is changing landscapes built environments social infrastructures and everyday lives across the globe But urbanization is also changing the ways we understand and practise politics What implications does this have for democracy This incisive book argues that urbanization undermines the established certainties of nation state politics and calls for a profound rethinking of democracy A novel way of seeing democracy like a city is presented shifting scholarly and activist perspectives from institutions to practices from jurisdictional scales to spaces of urban collective life and from fixed communities to emergent political subjects Through a discussion of examples from around the world the book shows that distinctly urban forms of collective self rule are already apparent The authors reclaim the city as a democratic idea in a context of urbanization seeing it as instrumental to relocating democracy in

the everyday lives of urbanites Original and hopeful How Cities Can Transform Democracy compels the reader to abandon conventional understandings of democracy and embrace new vocabularies and practices of democratic action in the struggles for our urban future

Greenland Economic and Development Strategy Handbook - Strategic

Information, Regulations Opportunities IBP, Inc.,2018-01-18 2011 Updated Reprint Updated Annually Greenland Economic Development Strategy Handbook

Construction Of Democracy, The: China's Theory, Strategy And Agenda

Shangli Lin,2021-02-05 The book expounds on the role played by democracy in China s revolution and modernization led by the Communist Party of China CPC and how the CPC in both its party building and state building has constantly sought to leverage democracy s positive functions while avoiding its shortcomings Special attention is paid to reconstructing and explaining the historical contexts from which the Party s theoretical innovations have emerged thus offering readers insights into the inner political logic that has shaped China s development The author a member of the Party s senior policy panel offers a perceptive analysis of the modernization of the country and its governing capacity and provides a clear assessment of how democracy in China has developed with the times Always bearing the big picture in mind the author has not shied away from some of the more controversial parts of China s recent history and his deep understanding of relevant Party documents and historical facts give strong support to his analyses He concludes that that the Party is central to leading the nation to explore its path of socialism with Chinese characteristics and that the country has always emerged stronger after setbacks

Local Self-Government and the Right to the City Warren Magnusson,2015-07-01 A timely exploration of the untapped potential for local democracy

Between Two Unions Paolo Dardanelli,2006-01-12 This book is the first in depth comparative study of Scottish devolution and the first to analyse the impact of the European dimension With focus on the periods leading up to the referendums in 1979 and 1997 it investigates positions and strategies of political parties and interest groups and how these influenced constitutional preferences at mass level and ultimately the referendum results Based on rigorous analysis of an extensive body of quantitative and qualitative sources it builds a ground breaking argument that challenges the widespread thesis that support for devolution was a consequence of Conservative rule between 1979 and 1997 It shows that the decisive factors were changing attitudes to independence and the role of the European dimension in shaping them The book is essential reading for students and scholars of British European and comparative politics from 3rd year courses upwards and will also appeal to lay readers interested in contemporary affairs

Factory of Strategy Antonio Negri,2014-02-04 Translation of the authoro s Fabbrica della strategia

Environmental Law in Bosnia and Herzegovina Dragoljub Todić,Mladenka Ignjatić,Vid Vukasović,2022-11-20 Derived from the renowned multi volume International Encyclopaedia of Laws this book provides ready access to legislation and practice concerning the environment in Bosnia Herzegovina A general introduction covers geographic considerations political social and cultural aspects of environmental study the sources and principles of environmental law environmental legislation and the role of public authorities The main

body of the book deals first with laws aimed directly at protecting the environment from pollution in specific areas such as air water waste soil noise and radiation Then a section on nature and conservation management covers protection of natural and cultural resources such as monuments landscapes parks and reserves wildlife agriculture forests fish subsoil and minerals Further treatment includes the application of zoning and land use planning rules on liability and administrative and judicial remedies to environmental issues There is also an analysis of the impact of international and regional legislation and treaties on environmental regulation Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable resource for environmental lawyers handling cases affecting Bosnia Herzegovina Academics and researchers as well as business investors and the various international organizations in the field will welcome this very useful guide and will appreciate its value in the study of comparative environmental law and policy

XV International Scientific Conference "INTERAGROMASH 2022" Alexey Beskopylny, Mark Shamtsyan, Viktor Artiukh, 2023-02-04 The book contains proceedings of the XV International Scientific Conference INTERAGROMASH 2022 Rostov on Don Russia The agro industrial complex is the most extensive and vital industry It is rapidly developing by introducing the latest technologies and automating various processes necessary for the functioning of this area The book is dedicated to engineering technologies of precision farming and agricultural robotics It includes studies on natural resources variability sustainable soil management Agro Big Data Internet of Things software and mobile apps for precision agriculture smart weather for precision agriculture simulations models and decision support systems expert systems DGPS soil physical and chemical characteristic sensors machinery etc Different types of agricultural robots are presented in the book autonomous fruit picking robots farming bots that can seed and water plants test the soil and remove weeds completely autonomous robot for ecological and economical ultra high precision spraying and weeding harvesting robots with the special vision systems that can see fruits and understand whether they re ripe and ready to pick and others Also the book covers advances in agricultural biotechnology in such areas of research as crop production improvement practices genetic modification as well as microbial biotechnology in agriculture etc The book is aimed for scientists researchers and graduate students It is also useful for representatives of regional authorities as it gives an idea of existing high tech solutions for agriculture The book is written and edited by international researchers academics and experts in the corresponding research areas
