Strategy And Planning:

The Strategy Planning Process Rudolf Grünig, Richard Kühn, 2018-04-18 Developing future strategies for a company is an important and complex task and forms the core issue in this book. A company's strategy defines its future direction specifying its desired market position and key competitive advantages both at the level of market offers and of resources. This book provides clear straightforward advice for professionals after a brief introduction to strategic planning a heuristic process for determining future strategies is presented. It shows how to analyze a company's current situation develop and assess options for the future and define implementation projects. Throughout the book detailed recommendations are illustrated with the help of numerous concrete examples. As a result of studying applications of the book in practice the second edition benefits from a simplified hands on analysis and planning process at the business level. *The Strategy Planning Process* Rudolf Grünig, Richard Kühn, Dirk Morschett, 2022-06-02 Strategic planning is an essential task that helps companies adapt to changes in the environment and to develop proactively. Accordingly the goal of strategic planning is to ensure companies survival and long term success. The strategy planning process proposed in this book is based on the authors many years of experience as consultants and board members. The book shows how to carry out sound analyses how to define concrete strategic objectives how to develop and assess strategic options and how to determine which implementation projects are necessary. Numerous practical examples serve to illustrate the proposed approach. For the third edition the sections on corporate strategy and business strategy development have been redesigned and expanded. Throughout the book many aspects have been clarified and simplified. The book provides practitioners the knowledge they need to develop their own strategies. In addition it offers a valuable textbook on the complex task of strategic planning.
