emotions The simple generous act that has the same positive effects as food and sex offering satisfaction not only to you but also to your recipient And much more Although happiness is not the be all and end all of life it sure doesn't hurt to go through life being happy rather than dissatisfied and lonely Our lives weren't meant to be lived in constant pursuit of an abstract vision of happiness Chasing after happiness will only make it so much harder to obtain It is when you are focused on genuinely living a life of truth purpose and meaning that happiness will come to you Find out what it takes to live a life that's true to your values and your innermost needs If you're in search of a truly joyful and meaningful life rather than just conform to other people's idea of happiness then scroll up and click the Add to Cart button right now
