

A blue streetcar is shown from a front-three-quarter view, moving along a wet street at night. The street is dark and reflective, mirroring the streetcar's lights and the warm glow of the streetlights. The streetcar has a prominent front headlight and large windows. The background is a blurred city street with buildings and other lights, creating a sense of depth and atmosphere. The title 'A STREETCAR NAMED DESIRE' is written in large, white, bold, sans-serif capital letters, positioned on the right side of the image, partially overlapping the streetcar and the background.

The Name and Nature of Tragicomedy Verna A. Foster, 2017-03-02 Focusing on European tragicomedy from the early modern period to the theatre of the absurd Verna Foster here argues for the independence of tragicomedy as a genre that perceives and communicates human experience differently from the various forms of tragedy comedy and the drame serious drama that is neither comic nor tragic Foster posits that in the sense of the dramaturgical and emotional fusion of tragic and comic elements to create a distinguishable new genre tragicomedy has emerged only twice in the history of drama She argues that tragicomedy first emerged and was controversial in the Renaissance and that it has in modern times replaced tragedy itself as the most serious and moving of all dramatic genres In the first section of the book the author analyzes the name tragicomedy and the genre s problems of identity then goes on to explore early modern tragicomedies by Shakespeare Beaumont and Fletcher and Massinger A transitional chapter addresses cognate genres The final section of the book focuses on modern tragicomedies by Ibsen Chekhov Synge O Casey Williams Ionesco Beckett and Pinter By exploring dramaturgical similarities between early modern and modern tragicomedies Foster demonstrates the persistence of tragicomedy s generic markers and provides a more precise conceptual framework for the genre than has so far been available
