Beyond Mars and Venus John Gray, 2017-01-24 The author of the most well-known and trusted relationship book of all time returns with an updated guide for today's generation. Two decades ago, *Men Are from Mars, Women Are from Venus* revolutionized the way we thought about love and partnership. John Gray's work has helped countless readers improve and even save their relationships. But as society evolves, relationships do too. It's time to move beyond Mars and Venus toward a new relationship model for modern couples. Today, men and women are no longer trapped by rigid societal roles. Now more than ever, we have the freedom to be our authentic selves. Women can access their masculine side, and men can embrace their feminine side. This new freedom is a good thing, but it also brings new challenges. Men and women still need the right tools and skills to help build stronger relationships. While previous generations sought role-mate relationships based on the more rigid gender roles of the time, today's couples need a new kind of relationship: a soul-mate relationship. These more emotionally satisfying relationships require a deeper understanding of our partners' individual needs.

In *Beyond Mars and Venus* Gray teaches you how to strengthen your bond and grow in love together so you and your loved one can meet each other's needs in the best way possible bringing you lasting happiness and a fulfilling partnership
