Self-Advocacy Cheryl Gerson Tuttle, Joann Augeri Silva, 2007. Young people come to realize sometimes painfully early that it isn't always possible to depend on adults to make sure they are treated safely, fairly and legally. When teens are faced with situations that are unfair, immoral, illegal and unjust, they do not need to be victims. They can learn to speak up for themselves effectively to improve their own lives and the lives of others. The skill of self-advocacy rarely comes naturally for teens. *Self-Advocacy: The Ultimate Teen Guide* offers a set of skills for young people to sort through and acquire and encourages them to speak up about what is bothering them. The book gives them helpful tools they can adapt to deal with adults they must work with and in some cases against in order to come to a solution to their problem. Self-Advocacy provides information teens need to have to advocate for themselves. The introduction and first three chapters explain what self-advocacy is, identify when and why it might be necessary for teens to speak up for themselves, provide a step-by-step guide on how to self-advocate successfully and offer specific real-world advice about how to wisely use the power of the media to publicize their cause. Seven issue-specific chapters follow. Each topic is treated in a dignified, organized and comprehensive way, providing information teens can use and resources they can draw upon. The issues and information in those chapters deal with the real world and don't shy away from the difficulties young people encounter every day, such as personal rights, school issues, learning disabilities, physical disability, sexuality, legal issues and foster care. Each chapter includes the voices and experiences of teens who have encountered issues and decided to speak up for and get what they need. Teens who learn how to advocate for themselves and then act are not only taking steps to right whatever wrong they have been facing, they are also preparing themselves for a successful adult life.
