Stretched Verb Constructions In English

Dennis Kurzon, Silvia Adler

Stretched Verb Constructions In English:

Stretched Verb Constructions in English D. J. Allerton, 2003-09-02 Constructions such as make an accusation against or give one's approval for can be seen as stretched versions of simple verbs such as accuse or approve of What is the precise linguistic nature of stretched verbs and how many basic types are there What kinds of grammatical connections are involved and what lexical limits are there on these constructions What is their precise semantic value These are some of the questions that this book sets out to answer in its investigation of stretched verb constructions

Stretched Verb Constructions in English D. J. Allerton, 2003-09-02 Constructions such as make an accusation against or give one's approval for can be seen as stretched versions of simple verbs such as accuse or approve of What is the precise linguistic nature of stretched verbs and how many basic types are there What kinds of grammatical connections are involved and what lexical limits are there on these constructions What is their precise semantic value These are some of the questions that this book sets out to answer in its investigation of stretched verb constructions

Collocations in a Learner Corpus Nadja Nesselhauf, 2005-01-27 Collocations are both pervasive in language and difficult for language learners even at an advanced level In this book these difficulties are for the first time comprehensively investigated On the basis of a learner corpus idiosyncratic collocation use by learners is uncovered the building material of learner collocations examined and the factors that contribute to the difficulty of certain groups of collocations identified An extensive discussion of the implications of the results for the foreign language classroom is also presented and the contentious issue of the relation of corpus linguistic research and language teaching is thus extended to learner corpus analysis

Corpus Interrogation and Grammatical Patterns Kristin Davidse, Caroline Gentens, Lobke Ghesquière, Lieven Vandelanotte, 2014-11-15 The studies in this volume approach English grammatical patterns in novel ways by interrogating corpora focusing on patterns in the verb phrase tense aspect and modality the noun phrase intensification and focus marking complementation structures and clause combining Some studies interrogate historical corpora to reconstruct the diachronic development of patterns such as light verb constructions verb particle combinations the be a verb-ing progressive and absolute constructions Other studies analyse synchronic datasets to typify the functions in discourse of amongst others tag questions and it clefts or to elucidate some long standing problems in the syntactic analysis of verbal or adjectival complementation patterns thanks to the empirical detail only corpora can provide The volume documents the practices that have been developed to guarantee optimal representativeness of corpus data to formulate definitions of patterns that can be operationalized in extractions and to build dimensions of variation such as text type and register into rich grammatical descriptions

Standards and Norms in the English Language Miriam A. Locher, Jürg Strässler, 2008-08-27 The theme of this collection is a discussion of the notions of norms and standards which are studied from various different angles but always in relation to the English language These terms are to be understood in a very wide sense allowing discussions of topics such as the norms we orient to in social interaction the benchmark employed

in teaching or the development of English dialects and varieties over time and space and their relation to the standard language The collection is organized into three parts each of which covers an important research field for the study of norms and standards Part 1 is entitled English over time and space and is further divided into three thematic subgroups standard and non standard features in English varieties and dialects research on English standardization processes and issues of standards and norms in oral production Part 2 deals with English usage in non native contexts and Part 3 is dedicated to Issues on politeness and impoliteness The notions of standards and norms are equally important concepts for historical linguists sociolinguists with a variationist background applied linguists pragmaticians and discourse analysts

Dimensions of the Word Grzegorz Drożdż, 2014-06-12 This volume inscribes itself in the long standing debate on the status of the word Considering its multi faceted nature the authors formulate multiple questions about it and though no answer to these questions might be exhaustive each of them brings the reader closer to a more complete understanding of the issue The eleven authors included here address the nature of the word from a number of perspectives such as the duality of the word the status of the word as a meaningful unit the meaning extension the lexico grammar continuum and the pragmatic functioning of the word to name but a few Each of the chapters is a fresh contribution that broadens the perspective traditionally adopted in a discussion of the word and at the same time constitutes a sound overview of the issues and approaches taken in such an analysis at the turn of the second to the third millennium The volume is a prime example of the efficiency of research within which multiple linguistic perspectives focus on a single problem all the perspectives contribute to a more thorough comprehension of the problem than any single of them is ever able to afford

Corpus Use in Cross-linguistic Research Marlén Izquierdo, Zuriñe Sanz-Villar, 2023-11-02 Cross linguistic research is a fruitful field of language inquiry that has benefited enormously from the use of corpora As sources of linguistic data of various kinds and as tools for language processing corpora have shaped the development of cross linguistic research enabling both language description and practical applications This volume contains twelve studies that emphasize the usefulness and usability of parallel corpora in accurately exploring the structure and use of seven under researched languages and language varieties The first part emphasizes the role of corpus based descriptive analyses at the lexicogrammatical and discursive levels as a first step on the way towards concrete applications like translation or language teaching The second part focuses on the role of parallel corpus based language processing techniques and applications that facilitate professional communication This book will be of interest to scholars in contrastive linguistics translation studies discourse analysis language teaching and natural language processing

Structural Nativization in Indian English Lexicogrammar Marco Schilk, 2011-08-31 This book contains the first in depth corpus based description of structural nativization at the lexis grammar interface in Indian English the largest institutionalized second language variety of English world wide For a set of three ditransitive verbs give send and offer collocational patterns verb complementational preferences and correlations between collocational and

verb complementational routines are described The present study is based on the comparison of the Indian and the British components of the International Corpus of English as well as a 100 million word web derived corpus of acrolectal Indian newspaper language and corresponding parts of the British National Corpus The present corpus based thick description of lexicogrammatical routines provides new perspectives on the emergence of new routines and patternings in Indian English and is conceptually and methodologically relevant for research into varieties of English worldwide

Adpositions Dennis Kurzon, Silvia Adler, 2008-05-13 This book is a collection of articles which deal with adpositions in a variety of languages and from a number of perspectives Not only does the book cover what is traditionally treated in studies from a European and Semitic orientation prepositions but it presents studies on postpositions too The main languages dealt with in the collection are English French and Hebrew but there are articles devoted to other languages including Korean Turkic languages Armenian Russian and Ukrainian Adpositions are treated by some authors from a semantic perspective by others as syntactic units and a third group of authors distinguishes adpositions from the point of view of their pragmatic function This work is of interest to students and researchers in theoretical and applied linguistics as well as to those who have a special interest in any of the languages treated

The Oxford Handbook of Grammaticalization Heiko Narrog, Bernd Heine, 2011-10-13 This book presents the state of the art in research on grammaticalization the process by which lexical items acquire grammatical function grammatical items get additional functions and grammars are created Leading scholars from around the world introduce and discuss the core theoretical and methodological bases of grammaticalization report on work in the field and point to promising directions for new research They represent every relevant theoretical perspective and approach Research on grammaticalization and its role in linguistic change encompasses work on languages from every major linguistic family Its results offer valuable insights for all theoretical frameworks including generative construction and cognitive grammar and relates to work in fields such as phonology sociolinguistics and language acquisition The handbook provides a full critical assessment of every aspect of this research It is divided into five parts of which the first two are devoted to theory and method the third and fourth to work in linguistic domains classes and categories and the fifth to case studies of grammaticalization in a range of languages It will be an indispensable source of information and inspiration for all those who wish to know more about this fascinating and important field

Stretched Verb Constructions In English Introduction

In the digital age, access to information has become easier than ever before. The ability to download Stretched Verb Constructions In English has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Stretched Verb Constructions In English has opened up a world of possibilities. Downloading Stretched Verb Constructions In English provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Stretched Verb Constructions In English has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Stretched Verb Constructions In English. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Stretched Verb Constructions In English. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Stretched Verb Constructions In English, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Stretched Verb Constructions In English has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the

vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Stretched Verb Constructions In English Books

1. Where can I buy Stretched Verb Constructions In English books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
