Strike Like No Other Strike:

A Strike Like No Other Strike Richard A. Brisbin, 2002-09-06 Supreme Court ultimately ruled in favor of the union most of the strikers faced elimination of their jobs and an ongoing struggle for pensions and health benefits *Transforming Places* Stephen L. Fisher, Barbara Ellen Smith, 2012-02-14 In this era of globalization's ruthless deracination place attachments have become increasingly salient in collective mobilizations across the spectrum of politics Like place based activists in other resource rich yet impoverished regions across the globe Appalachians are contesting economic injustice environmental degradation and the anti democratic power of elites This collection of seventeen original essays by scholars and activists from a variety of backgrounds explores this wide range of oppositional politics querying its successes limitations and impacts The editors critical introduction and conclusion integrate theories of place and space with analyses of organizations and events discussed by contributors *Transforming Places* illuminates widely relevant lessons about building coalitions and movements with sufficient strength to challenge corporate driven globalization Contributors are Fran Ansley Yaira Andrea Arias Soto Dwight B Billings M Kathryn Brown Jeannette Butterworth Paul Castelloe Aviva Chomsky Dave Cooper Walter Davis Meredith Dean Elizabeth C Fine Jenrose Fitzgerald Doug Gamble Nina Gregg Edna Gulley Molly Hemstreet Mary Hufford Ralph Hutchison Donna Jones Ann Kingsolver Sue Ella Kobak Jill Kriesky Michael E Maloney Lisa Markowitz Linda McKinney Ladelle McWhorter Marta Maria Miranda Chad Montrie Maureen Mullinax Phillip J Obermiller Rebecca O Doherty Cassie Robinson Pfleger Randal Pfleger Anita Puckett Katie Richards Schuster June Rostan Rees Shearer Daniel Swan Joe Szakos Betsy Taylor Thomas E Wagner Craig White and Ryan Wishart **A Disability History of the United States** Kim E. Nielsen, 2012-10-02 The first book to cover the entirety of disability history from pre 1492 to the present Disability is not just the story of someone we love or the story of whom we may become rather it is undoubtedly the story of our nation Covering the entirety of US history from pre 1492 to the present *A Disability History of the United States* is the first book to place the experiences of people with disabilities at the center of the American narrative In many ways it's a familiar telling In other ways however it is a radical repositioning of US history By doing so the book casts new light on familiar stories such as slavery and immigration while breaking ground about the ties between nativism and oralism in the late nineteenth century and the role of ableism in the development of democracy *A Disability History of the United States* pulls from primary source documents and social histories to retell American history through the eyes words and impressions of the people who lived it As historian and disability scholar Nielsen argues to understand disability history isn't to narrowly focus on a series of individual triumphs but rather to examine mass movements and pivotal daily events through the lens of varied experiences Throughout the book Nielsen deftly illustrates how concepts of disability have deeply shaped the American experience from deciding who was allowed to immigrate to establishing labor laws and justifying slavery and gender discrimination Included are absorbing at times horrific narratives of blinded slaves being thrown overboard and women being involuntarily sterilized

as well as triumphant accounts of disabled miners organizing strikes and disability rights activists picketing Washington Engrossing and profound A Disability History of the United States fundamentally reinterprets how we view our nation's past from a stifling master narrative to a shared history that encompasses us all
