Territory And Administration In Europe

J. Hughes, G. Sasse

Territory And Administration In Europe:

Territory and Administration in Europe Robert John Bennett, 1989 This book provides a comparative perspective on the function and nature of local and regional governments in eastern and western Europe It offers an overview of the structure development responsibilities and pressures for reform that affect European local administrations **Local Power, Territory and Institutions in European Metropolitan Regions** Bernard Jouve, Christian Lefevre, 2013-10-11 A comparative analysis of eight different urban areas Bologna Bordeaux Geneve Lausanne Lyons Manchester Rotterdam Stuttgart and Torino examining key urban issues that are high on the policy agenda of every national government Local Government in Europe Carlo Panara, Michael R. Varney, 2013-12-04 This work considers the role of local government in 13 EU Member States Austria Belgium Czech Republic France Germany Greece Hungary Italy Netherlands Poland Spain Sweden and the United Kingdom The book aims to provide an account of the system of local government in each of the countries studied along with a critical and contextual approach to the level of autonomy that local government enjoys The approach is comparative based on a questionnaire which all of the authors considered There is then a detailed conclusion to the book which offers a detailed summary and comparative analysis of the responses in order to better consider the role of local authorities as the fourth level of governance in the EU The book aims to offer a detailed introduction to and account of each system of local government which may appeal to those seeking an overview of the area but also a critical and contextual approach that will be of interest to those actively researching in the areas of local and regional government or EU central local government relations The book contains details of reform in local government up to November 2012 including an analysis of the impact of austerity measures on local autonomy where these have become significant *Territorial Governance across Europe* Peter Schmitt, Lisa Van Well, 2015-12-22 This book provides a comprehensive framework for analysing comparing and promoting territorial governance in policy relevant research It reveals in depth considerations of the emergence state of the art and evolution of the concept of territorial governance A unique series of ten case studies across Europe from neighbourhood planning in North Shields in the North East of England to climate change adaptation in the Baltic Sea Region provides far reaching insights into a number of key elements of territorial governance The book draws generalised empirically based conclusions and discusses modes of transferability of good practices A number of suggestions are presented as to how the main findings from this book can inform theories of territorial governance and spatial policy and planning Territorial Governance across Europe will be of considerable interest to scholars around the world who are concerned with European studies regional policy urban and regional planning and human and political geography It provides a solid debate on discourses theories concepts and methods around the notion of territorial governance as well as a number of empirical findings from various contexts across Europe It specifically targets scholars involved in policy relevant research European Regions, 1870 - 2020 Jordi Martí-Henneberg, 2021-08-20 This volume explains the national and regional border

modifications that took place in Europe from 1870 to 2020 It provides insights that allow us to understand boundary changes for several different levels of territorial organization The text describes the state formation process related to the regional administrative structures in each European country and offers insight into the degree of centralization historically by describing the extent of legislative autonomy at different administrative levels and the competences reserved for each of them The book sheds light on the complex regional organization of Europe and the difficulties its reform has faced The main audience will be academics and PhD Masters students working in a variety of geography fields and the maps included in each chapter will also be of interest to a broader audience including undergraduate and secondary school students wishing to better understand the political history of Europe

The Party Politics of Territorial Reforms in Europe Emanuele Massetti, Simon Toubeau, 2020-07-24 The book analyses how political parties compete and strategise on the issue of territorial reform using case studies that include countries from both Western Belgium Germany Italy and Spain and Central Eastern Europe Poland Slovakia and Romania Each case study considers different drivers of decentralization such as territorial identities and the demands of regionalist parties for territorial autonomy or independence efficiency concerns related to issues of uneven economic development and economic competitiveness the pressure from supra national organizations especially the EU as well as different combinations of these drivers They also consider how the ideology and organisation of state wide parties and the institutional context in which they compete shape their responses to these drivers and their strategy towards the question of territorial reform This collection investigates the logic of the actions that guide political parties strategy to highlight trends that are apparent across the case studies This book was originally published as a special issue of West European Politics

Reforming Local Government in Europe Norbert Kersting, Angelika Vetter, 2013-06-29 Nearly all Western and Central European local government systems have been reformed since the 1990 s Taking into account variations in historical and national context the book looks for different ways of local government reform their emphases and their divergent trajectories

The Max Planck Handbooks in European Public Law: Volume I: The Administrative State Sabino Cassese, Armin von Bogdandy, Peter Huber, 2017-07-24 The Max Planck Handbooks in European Public Law series describes and analyses the public law of the European legal space an area that encompasses not only the law of the European Union but also the European Convention on Human Rights and importantly the domestic public laws of European states Recognizing that the ongoing vertical and horizontal processes of European integration make legal comparison the task of our time for both scholars and practitioners it aims to foster the development of a specifically European legal pluralism and to contribute to the legitimacy and efficiency of European public law The first volume of the series begins this enterprise with an appraisal of the evolution of the state and its administration with cross cutting contributions and also specific country reports While the former include among others treatises on historical antecedents of the concept of European public law the development of the administrative state as such the relationship between

constitutional and administrative law and legal conceptions of statehood the latter focus on states and legal orders as diverse as e g Spain and Hungary or Great Britain and Greece With this the book provides access to the systematic foundations pivotal historic moments and legal thought of states bound together not only by a common history but also by deep and entrenched normative ties for the quality of the *ius publicum europaeum* can be no better than the common understanding European scholars and practitioners have of the law of other states An understanding thus improved will enable them to operate with the shared skills knowledge and values that can bring to fruition the different processes of European integration

EU Administrative Governance Herwig C.H. Hofmann,Alexander H. Türk,2006-01-01 This book is a unique contribution to the understanding of the reality of government and governance in the European Union

The European Territory Jacques Robert,2014-05-09 Originally published in French as *Le territoire europ en des racines aux enjeux globaux* this book reflects the enormous changes that Europe has seen in the past half century In a period of immense upheaval the continent has experienced increased integration largely through the development of the European Union heightened urbanization and a changing rural landscape while economic and commercial activities have impressed their stamp on the whole scene In this book Jacques Robert deploys the experience amassed throughout his 35 years experience as adviser to European institutions in the field of territorial and regional development The chapter on cities explains the emergence of the European urban hierarchy and the driving forces and inertia behind its evolution while a following chapter looks at the changing role of rural areas This material provides a historic overview of relevant policies and a discussion of future challenges The third chapter discusses evolving paradigms of regional economic development and their impact on European regions Next there is a chapter on the historical roots and current processes within territorial integration The book concludes with an examination of Europe s place in the world at large focussing particularly on globalization effects climate change and new energy paradigms which will present real challenges for decades to come The book is unique in its combination of in depth analysis of the evolution of European territorial policies and paradigms but also in its geographically comprehensive approach integrating the experience of both Western and Eastern Europe It will be of interest to academics and professionals within territorial development and spatial planning

Impacts of European Territorial Policies in the Baltic States

Garri Raagmaa,Dominic Stead,2017-10-02 Urban and regional development in the Baltic States and other Central and Eastern European countries has experienced rapid changes since their re independence at the beginning of the 1990s Meanwhile urban and regional planning institutions and organizational cultures in the Baltic States have only changed rather incrementally despite various national and European pressures for reform As a consequence the effects of European cohesion and structural policy measures have been quite modest and the ability of the planning systems in the Baltic states to manage contemporary trends in urban and regional development has become increasingly limited This book focuses on these issues and tensions of spatial planning and development in the Baltic States and their distinctiveness compared to other European

countries It provides an overview of the historical and cultural context of spatial development a discussion of the processes of Europeanization of spatial planning in the specific context of the Baltic States and an analysis of whether these processes may be leading to policy convergence in the region This book was published as a special issue of European Planning Studies

Governance of Europe's City Regions Tassilo Herrschel, Peter Newman, 2003-08-27 Governance of Europe's City Regions considers the changing role of the European Union in regional issues explores how national governments have become increasingly involved at the regional scale and examines the constitutional and political contexts in which regional and local governments operate Detailed case studies of regionals in Germany and England illustrate contrasts in European approaches to the scale of government and the complex interactions of international national regional and local scales of policy intervention The book offers a unique perspective which links together an analysis of both regional Europe and the local economic and political factors that shape successful regions

The Palgrave Handbook of Decentralisation in Europe José Manuel Ruano, Marius Proft, 2016-11-29 This handbook provides an authoritative study of European decentralisation taking into account from a territorial perspective the different political and administrative traditions in Europe Continental Anglo Saxon and Ex communist States and the cleavages North South and East West While in recent decades most European countries have implemented devolution policies trying to tackle different political social or bureaucratic problems some others have instead regionalised their territory applied federal or pseudo federal reforms and strengthened the role of subnational governments This volume analyses decentralisation in these countries using different variables including history territorial organisation civil service and financing and reveals how this phenomenon leads to complex intergovernmental linkages The evolution of territorial decentralisation the political tensions between centre and periphery the autonomy of the subnational governments and their functions and competences the tools of co ordination and co operation and the features and role of civil service are the main issues studied here with an interdisciplinary approach

A Research Agenda for Regional and Local Government Mark Callanan, John Loughlin, 2021-05-28 This insightful Research Agenda takes a thematic approach to analysing reform in regional and local government exploring central concepts such as devolution Europeanisation and globalisation Expert contributors address key trends in structural change and reorganisation subnational autonomy and decentralisation metropolitan governance and multi level governance

The European Administrative Elite John Alexander Armstrong, 2015-03-08 Although there have been other studies of elite administrators in France Great Britain Germany and Russia John Armstrong has made the first systematic comparison of their roles especially their inclination to participate in economic development Drawing on role theory and theories of socialization and recruitment he analyzes the influences that family secondary school specialized university instruction and in service experiences have had on administrators Currents of ideas class concepts of appropriate role behavior and organizational peculiarities are also examined as possible influences By exploring this subject over a long period in some

cases reaching as far back as the seventeenth century this book shows how changing definitions of administrators roles reflect their position in society and permit the exploration of changing socialization processes The long time span also shows how factors such as administrative intervention can change from being marginally important to crucial in affecting economic growth From the diverse European experience the author distills five factors which he hypothesizes have exerted a constant positive influence on administrative intervention in economic development and suggests how these factors might be applied in analysis of other societies He also provides a wealth of statistical data and an extensive bibliography Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Urban Governance in Southern Europe Abel Albet, 2016-02-11 The concept of governance has evolved into one of the most important but also controversial concepts in urban politics While it encourages co operation participation and collective construction at the same time it has brought about new forms of public demission oligarchic regimes and less local democracy The dilemmas accompanying these changes are particularly relevant when observing the cities of Southern Europe whose socio cultural specificities very much structure local political and policy materialisations Bringing together a team of leading scholars from across the social sciences this volume examines the issues of urban governance in the Southern European context Illustrated by case studies of several main cities and metropolises on the North Mediterranean coast it introduces and critically analyses the latest theories and approaches to urban governance It questions how the real or socio cultural notion of city seems to have been separated from that of the political city and explores how more integrated socio political forms might be developed It looks at current structures dynamics and cultures of governance in urban development and questions whether they are well adapted to new realities and challenges or whether there are significant imbalances causing limited or fragmented political administrative visions By considering both the long Mediterranean history along with the recent but enduring global economic and political developments this book argues that Southern European cities will have to depend greatly upon its own socio cultural networks dynamics and cosmopolitan evolution making the most of the region s characteristic urban strengths as trading hubs with rich hinterlands and large and varied population

Europeanization and Territorial Politics in Small European Unitary States Sandrina Antunes, John Loughlin, 2020-12-17 The book addresses the impact of the European Union EU on subnational mobilization in small unitary states Located at the intersection of contributions from the literatures on multilevel governance and Europeanization this book offers a new theoretical framework to account for state rescaling processes in small unitary states By means of a comparative analysis of eight small unitary states in Europe this book shows that the impact of the EU on subnational

mobilization is filtered through domestic mediating factors which can lead to three possible outcomes decentralization recentralization or no change The book offers a balanced combination of analytical clarity and the richness of empirical accounts in a wide diversity of case studies It sheds a new light on the hybrid nature of the European polity and demonstrates that member state governments have remained the most important pieces of the European puzzle Overall it arrives at two conclusions first that we are witnessing a transformation of the state rather than its demise second the notion of a Europe of the Regions in small unitary states was no more than a damp squib The chapters in this book were originally published as a special issue of the journal *Regional Federal Studies* Białystok Law Books 4 Territorial Organization Of European States. Federalism, Regionalism, Unitarism Andrzej Igor Jackiewicz,2011 **Regional Policy and Planning in Europe** Paul Balchin,Ludek Sykora,Gregory Bull,2002-06-01 Regional Policy and Planning in Europe explores the ways regional policy and planning systems across Europe have been influenced by economic and monetary union the impending enlargement of the European Union the devolution of administrative power from central government to regional authorities the increased importance of environmental and urban issues Presenting a comprehensive overview of the economic basis of integration this book examines the evolution of various systems of government planning and forms of devolution **Three Decades of Polish Socio-Economic Transformations** Paweł Churski,Tomasz Kaczmarek,2022-08-27 This edited volume analyses and discusses the systematisation of Polish socio economic transformations of the last three decades using selected examples of the most important changes 1989 marked the onset of the political transformation process in Poland and other countries of Central and Eastern Europe The transition involved a shift from a socialist system to a parliamentary democracy and from a command economy to a market one Due to the deep economic crisis that culminated in 1988 and the peaceful model of change developed and implemented in Poland the magnitude and manner of implementing various initiatives was unprecedented and had specific implications This transformation opened Polish society and the Polish economy to the impact of global social and economic changes triggering successive transformations often overlapping in terms of their causes and consequences This publication aims to present the course and effects in particular territorial of Poland s socio economic transformation in the years 1990 2020 The analysis covers the key aspects of this transformation illustrated with references to the concepts and theories of development domestic and foreign literature own empirical research and existing or newly developed model approaches to transformation in the territorial dimension The book appeals to researchers and student in the fields of geography spatial management economics and business sociology and political sciences public and private economic research institutes employees of governmental bodies and corporations consultants in public administration journalists and policymakers
