Nocella, 2004 The first anthology of writings on the history ethics politics and tactics of the Animal Liberation Front Terrorists or Freedom Fighters features both academic and activist perspectives and offers powerful insights into this international organization and its position within the animal rights movement Calling on sources as venerable as Thomas Aquinas and as current as the Patriot Act and in some cases personal experience the contributors explore the history of civil disobedience and sabotage and examine the philosophical and cultural meanings of words like terrorism democracy and freedom in a book that ultimately challenges the values and assumptions that pervade our culture Contributors include Robin Webb Rod Coronado Ingrid Newkirk Paul Watson Karen Davis Bruce Friedrich Patricia Jones and others **Terrorists and Freedom Fighters** Sam Vaknin, 2004-04-08 The history of four terrorist organizations in the Balkans and a general introduction to terrorism and freedom fighting Also includes essays about religious co existence in the Balkans and about pathological narcissism as a precursor to terrorism *The Freedom Fighter* Murat Haner, 2017-09-11 The ability of terrorist groups to inflict death and destruction has markedly increased with technological advances in the areas of communication transportation and weapon capability Using these new tools and networks terrorists now seek to inflict mass casualties worldwide Given these realities it is essential to research the factors that underlie a terrorist group's origins grievances and demands Such insights might help others respond more effectively to insurgencies especially when military campaigns to capture or kill every terrorist have proven unsuccessful *The Freedom Fighter A Terrorist's Own Story* explores why so many Kurdish people especially young adults join the Kurdistan Workers Party PKK and conduct terrorist acts Inspired by the ground breaking classic *The Jack Roller A Delinquent Boy's Own Story* by Clifford R Shaw the author explores the issue of radicalization into terrorist organizations through the life history method enabling a PKK terrorist or freedom fighter to tell his story Over a five month period the author interviewed Deniz a high level PKK terrorist in a Turkish prison who during his time in the PKK rose from the lowest level to near the top in terms of terrorist operations This riveting life history told in Deniz's own words provides unique insights into why someone becomes a freedom fighter and what such a life entails The account provides extensive information on the PKK including the group's recruitment ideological and military training armed strategies internal structures and code of ethics treatment of women and goals for peace Deniz's story not only explains why more Kurdish freedom fighters will be recruited to engage in terrorist acts but also facilitates understanding of how normal people can become involved in conflict and organizations that are designated as terrorist groups A foreword by renowned criminologist Francis T Cullen helps contextualize the material This book will interest students of criminology terrorism counterterrorism political violence and security **Terrorists Or Freedom Fighters?** Charles Freeman, 1990 Case studies of terrorism in the Middle East and Northern Ireland assess what can be done to oppose terrorism **Terrorists and**

Yesterday's Enemy Rupert Chetwynd, 2005 As ye sow so also shall ye reap My father chastised you with rods but I shall chastise you with scorpions The Evil that men do lives after them the good oft lies interred with their bones In intelligence circles they have a name for it BLOWBACK 1980s Afghanistan invaded by the Soviets was an awkward place An altruistic and intrepid team of volunteer surgeons from a British hospital need a trouble shooter by their side on the ill defined frontier with Pakistan Part One Foreign Bodies charts their manoeuvres through the diplomatic barriers The mostly unflappable Chetwynd

makes anecdotes rather than crises out of the drama Part Two The Enemy Within leads the team in shalwar kameez to the war torn border regions dodging local militia and fields of landmines ever nearer the front line casualties But allied to the threat of largely invisible fighting is a growing awareness that their mission is being thwarted not by military obstacles but by an unseen third force before accidentally stumbling on the revelation that the party political cottage hospital where they are operating on war casualties is simultaneously a conduit for Saudi and Kuwaiti middle class funding for illegal fundamentalist political activities investing long term in the expectation of re importing less autocratic Home Rule either by osmosis or backlash Part Three Conspiracy of Silence takes Chetwynd out of the clear air of Afghanistan to the unlikely Chancelleries of Bonn where he unearths the documentary evidence he needs He gets behind the smoke and mirrors which conceal an international fraud Afghan drug dealers and gun runners are co operating with a fund raising charity which is defrauding the German Public the EEC and the US State Department Millions of dollars raised for bogus hospital installations which will never be completed are being siphoned off Has Chetwynd detected the roots of the new funding of the new terrorism YESTERDAY S ENEMY discloses how this racket together with another know as the by pass operations was being facilitated by its very clandestine nature It charts how a new breed of terrorism aided and abetted funded and equipped in the West spawned in Afghanistan was to result in bombings from Peshawar Islamabad Riyadh Cairo Algiers all the way to the World Trade Centre in New York As sure as hell one s man s freedom fighter turns out to be the next man s terrorist It could hardly have been contrived but there was no denying it is what happened On a more positive note the book tells of the outstanding contribution made by some exceptional expatriate women in their war effort for a society not renowned for honouring their sex Relentlessly detailed the story is embellished with humorous anecdote since at the time humour went hand in hand with survival Terrorists Or Freedom Fighters Ely J. Tavin, Yonah Alexander, 1986

Terrorism Unjustified Vicente Medina, 2015-10-29 Vicente Medina challenges common misconceptions and excuses for extreme political violence Countering such axioms as one man s freedom fighter is another man s terrorist and the do whatever it takes attitude toward counter terrorism Medina differentiates between justified political violence and unjustifiable terrorism Surveying terrorism with both historical and contemporary examples Medina dispels the relativism and emotional responses that have been used by some to justify terrorist acts Medina draws on philosophical concepts like just war theory while adding social and political science perspectives to contextualize today s terrorism within current international law and moral attitudes **Terrorists Or Freedom Fighters?** Steven Best, Anthony J. Nocella, 2004 The first anthology of writings on the history ethics politics and tactics of the Animal Liberation Front Terrorists Or Freedom Fighters features both academic and activist perspectives and offers powerful insights into this international organisation and its position within the animal right movement Calling on sources as venerable as Thomas Aquinas and as current as the patriot act and in some cases personal experience the contributors explore the history of civil disobedience and sabotage and

The Tyranny of Clichés Jonah Goldberg,2013-04-30 An indispensable and enduring field guide to the arguments the left makes and the ones it tries to avoid The Claremont Review of Books According to Jonah Goldberg if the greatest trick the devil ever pulled was convincing the world he didn't exist the greatest trick liberals ever pulled was convincing themselves they're not ideological Today objective journalists academics and moderate politicians peddle some of the most radical arguments by hiding them in homespun aphorisms Barack Obama casts himself as a disciple of reason He's a pragmatist opposed to the ideology and drama of the Right solely concerned with what works And today's liberals follow his lead spouting countless clichés such as One man's terrorist is another man's freedom fighter Sure if the other man is an idiot Was Martin Luther King Jr a terrorist Was Bin Laden a freedom fighter Violence never solves anything Really It solved our problems with King George III and ended slavery We need complete separation of church and state In other words all expressions of faith should be barred from politics except when they support liberal programs With humor and passion Goldberg dismantles these and many other Trojan horses that liberals use to cheat in the war of ideas He shows that the Progressive tradition of denying an ideological agenda while pursuing it vigorously under the false flag of reasonableness is alive and well And he reveals how this dangerous game may lead us further down the path of self destruction The Struggle of Democracy Against Terrorism Emanuel Gross,2006 Examines the legal and moral complexities democracies face when dealing with terrorism This book is useful to students and teachers of law political science and philosophy as well as to citizens and activists concerned with the impact of terrorism on civil liberties Ethics and International Relations Gordon Graham,2008-02-26 Ethics and International Relations Second Edition offers a comprehensive introduction to the philosophical issues raised by international politics Presupposing no prior philosophical knowledge and deliberately avoiding the use of technical language it is ideally suited for political philosophy applied ethics and international relations courses Revised and updated new material includes coverage of the war on terror the impact of globalization and ideas of cosmopolitan governance Clearly and thoughtfully organized it proceeds logically from general morality and international relations to issues surrounding just war theory and global justice A crisp analytical treatment presented with a student sensitive approach and informed by real world issues Covers a wide array of subtopics *Terrorism and Militancy in Central Asia* Jatin Kumar Mohanty,2006 The book is basically an account of the problem of terrorism and militancy in the five newly independent countries viz Kazakhstan Uzbekistan Tajikistan Kirgystan and Turkmenistan or called central Asia It thoroughly
