Terrors Terrors Terrors Terrific Triples:

Triple Death: Embers of Terror Robert Algeri, 2020-12-01 Filthy Lucre Some call it dirty money Anchorage Alaska 1981 As the oil industry and business across Alaska booms a lethal combination of greed corruption and crime rise viciously across the city of Anchorage This destabilized climate provides a windfall for a new breed of transnational criminal elite they are utterly ruthless Standing in the seedy shadows lurk three violent homicidal maniacs all entwined by a devious conspiracy to deal in human flesh human trafficking Robert Hansen known as the Butcher Baker abducted raped and murdered at least 17 women in and around Anchorage Alaska Between 1971 and 1983 he hunted many of his victims down in the wilderness with a Ruger Mini 14 and a knife

The Red Army and the Great Terror Peter Whitewood, 2015-09-25 On June 11 1937 a closed military court ordered the execution of a group of the Soviet Union's most talented and experienced army officers including Marshal Mikhail Tukhachevskii all were charged with participating in a Nazi plot to overthrow the regime of Joseph Stalin There followed a massive military purge from the officer corps through the rank and file that many consider a major factor in the Red Army's dismal performance in confronting the German invasion of June 1941 Why take such action on the eve of a major war The most common theory has Stalin fabricating a military conspiracy to tighten his control over the Soviet state In The Red Army and the Great Terror Peter Whitewood advances an entirely new explanation for Stalin's actions an explanation with the potential to unlock the mysteries that still surround the Great Terror the surge of political repression in the late 1930s in which over one million Soviet people were imprisoned in labor camps and over 750 000 executed Framing his study within the context of Soviet civil military relations dating back to the 1917 revolution Whitewood shows that Stalin sanctioned this attack on the Red Army not from a position of confidence and strength but from one of weakness and misperception Here we see how Stalin's views had been poisoned by the paranoid accusations of his secret police who saw spies and supporters of the dead Tsar everywhere and who had long believed that the Red Army was vulnerable to infiltration by foreign intelligence agencies engaged in a conspiracy against the Soviet state Recently opened Russian archives allow Whitewood to counter the accounts of Soviet defectors and conspiracy theories that have long underpinned conventional wisdom on the military purge By broadening our view The Red Army and the Great Terror demonstrates not only why Tukhachevskii and his associates were purged in 1937 but also why tens of thousands of other officers and soldiers were discharged and arrested at the same time With its thorough reassessment of these events the book sheds new light on the nature of power state violence and civil military relations under the Stalinist regime

Reeve,2025-08-31 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Terror in the Balkans** Ben Shepherd,2012-04-13 Germany's 1941 seizure of Yugoslavia led to an insurgency as bloody as any in World War II The Wehrmacht waged a brutal counter insurgency campaign in response and by 1943 German troops in Yugoslavia were engaged in operations that ranked among the largest of the entire European war Their actions encompassed massive reprisal shootings the destruction of entire villages and huge mobile operations unleashed not just against insurgents but also against the civilian population believed to be aiding them Terror in the Balkans explores the reasons behind the Wehrmacht's extreme security measures in southern and eastern Europe Ben Shepherd focuses his study not on the high ranking generals who oversaw the campaign but on lower level units and their officers a disproportionate number of whom were of Austrian origin He uses Austro Hungarian army records to consider how the personal experiences of many Austrian officers during the Great War played a role in brutalizing their behavior in Yugoslavia A comparison of Wehrmacht counter insurgency divisions allows Shepherd to analyze how a range of midlevel commanders and their units conducted themselves in different parts of Yugoslavia and why Shepherd concludes that the Wehrmacht campaign's violence was driven not just by National Socialist ideology but also by experience of the fratricidal infighting of Yugoslavia's ethnic groups by conditions on the ground and by doctrines that had shaped the military mindsets of both Germany and Austria since the late nineteenth century He also considers why different Wehrmacht units exhibited different degrees of ruthlessness and restraint during the campaign

Masters of Terror Gerry Van Klinken,Richard Tanter,Desmond Ball,2006-06-16 The terror campaign by pro Indonesian armed groups before during and after East Timor s independence referendum in 1999 was a blatant challenge to the international community as many of the acts of murder political intimidation destruction and mass deportation took place before the eyes of the world Yet still the ultimate responsibility has been denied and obscured *Masters of Terror* provides an authoritative analysis and documentation of the brutal operations carried out by the Indonesian army and its East Timorese allies The authors carefully assemble detailed accounts of the actions of the major Indonesian officers and East Timorese militia commanders accused of gross human rights violations This indispensable work explores a horrific frontal attack on democracy and calls for the establishment of an international tribunal for crimes against humanity in East Timor

Terror in Australia: Workers' Paradise Lost John Stapleton,2015-09-28 *Terror in Australia Workers Paradise Lost* by veteran journalist John Stapleton is a beautifully written snapshot of a pivotal turning point in the history of the so called Lucky Country This book is a sidwinding missile into the heart of Australian hypocrisy In 2015 there were well attended Reclaim Australia demonstrations in every major capital city all protesting what the demonstrators saw as the growing Islamisation of Australia along with countering anti racism demonstrations There were frequent violent clashes hundreds of police were forced to form lines separating the demonstrators in Sydney and Melbourne there were a significant number of arrests and injuries and dozens of people were treated for the effects of capsicum spray The terror alert was at its highest level ever the country was engaged in an unpopular and discredited war in Iraq and Syria and relations between the government and an increasingly radicalised Muslim minority had broken down Despite the billions being spent on national security authorities believed another terrorist attack was inevitable A demoralised population saddled with a history of

grotesque overregulation turned inwards increasingly questioning the failed social creeds of the past On the streets once vibrant entertainment districts were desolate while closed and shuttered shops became a characteristic of many suburbs An optimistic freedom loving country with an irreverent larrikin culture and a wildly optimistic view of its place in the world lost faith in its own story Well documented switching through multiple points of view *Terror in Australia Workers Paradise Lost* is a sometimes frightening sometimes intensely lyrical step inside a democracy in serious trouble **The Beauty and the Terror** Catherine Fletcher,2020 Combining cultural religious political military and economic topics in a grand narrative *The Crucible of Europe* gives a vibrant history of Renaissance Italy and the crucial role it played in the emergence of the Western World *Terror's Triumph* William Meier,2024-11-19 The idea of modern terrorism and the practice of terrorist violence emerged in Britain s first colony Ireland before spreading through imperial networks to South and East Asia to Africa and to the Middle East Thus empire not only birthed terror but also made it global And the sheer spread diversity and longevity of that empire produced multiple stages in the evolution of terrorism from rural intimidation to urban guerilla warfare to homegrown radicalism Indeed today s global terror challenges the ethics of counter terrorism the threats of Islamist and international terrorism and the rise of homegrown right wing extremism all have roots in colonialism **Terror in the City of Champions** Tom Stanton,2016-06 Detroit 1936 In a city abuzz over its unrivaled sports success baseball fan Dayton Dean is arrested for murder Though said to have a childlike intelligence Dean possesses a vivid memory and a hunger for attention He gives police a story about a secret Klan like organization called the Black Legion responsible for countless murders floggings and fire bombings The Legion has tens of thousands of members in the Midwest among them politicians and notable citizens even possibly a beloved Detroit athlete When Dean s revelations explode they all seek cover Award winning author Tom Stanton s stunning work of history crime and sports weaves together the terror of the Legion with the magnificent athletic ascension of Detroit Richly portraying 1930s America and featuring figures like Louis the country s most famous black man Jewish slugger Hank Greenberg anti Semitic Henry Ford radio priest Father Coughlin and J Edgar Hoover *Terror in the City of Champions* is a rollicking true tale set at the confluence of hard luck hope victory and violence **A dictionary of the English language, by G. Fulton and G. Knight** George Fulton,1833 *Culture of Terror* Eugene E. Narrett,2009-05 In *Culture of Terror* Eugene Narrett accomplishes a remarkable task defining and identifying the roots of postmodernism in the scientific utopianism of the Enlightenment Dr Narrett explains and traces the increasing totalitarian core of this drive to control and perfect human beings to the media distraction machine Using core texts from political philosophy and literature he follows the Romantic revolution in values and scientific utopianism through Modernism and its suicidal relativistic power mad postscript postmodernism Using a broad palette of great writings from many disciplines he traces America s regression to nihilistic paganism directed by an oligarchy and a new hi tech feudalism that impoverishes and de humanizes In America the flower of the West the contradictions and self negation in this process are most pronounced

and grotesque as shown by popular culture which he examines extensively Culture of Terror is a unique tale of imperial identity theft playing out its logic in confessions of regret expressive introspection psychology and the exhibitionism of media spectacles that absorb and program everything in the disintegrating language of its its distraction machine
