Sanborn, S. Otter, 2011-09-26 In an original and provocative series of readings that range across Melville's career the contributors consider not only the sources and implications of Melville's aesthetics but the relationship between aesthetic criticism historical analysis and contemporary theory **(Re)Visions of History in Language and Fiction** Dorota Gutfeld, Monika Linke, Agnieszka Sowińska, 2013-02-21 In imagining history one must inevitably rely on its textual representations whether fictitious or supposedly objective yet always subject to the constraints and conventions of textuality Still it is precisely by exploiting and consciously relying on the textual in the presentation of the past that contemporary authors including politicians and makers of history strive to provide it with current significance emotional impact and universal meaning The study of such attempts benefits from a variety of perspectives encompassing not only classical but also popular texts and media An interdisciplinary collection of papers devoted to the issues of retelling rewriting and representation of the past in fiction and various text types this volume juxtaposes modern and post modern understanding of collective versus personal history The contributors are scholars specializing in literary studies e.g. postcolonialism and popular fiction linguistics e.g. critical discourse analysis and cultural studies e.g. media studies bringing a wide spectrum of

Ever-Present Now in Antebellum American Writing Jeffrey Insko,2018-12-06 The Ever Present Now examines the meaning and possibilities of the present and its relationship to history and historicity in a number of literary texts specifically the writings of several figures in antebellum US literary history some but not all of whom associated with the period s romantic movement Focusing on nineteenth century writers who were impatient for social change like those advocating for the immediate emancipation of slaves as opposed to those planning for a gradual end to slavery the book recovers some of the political force of romanticism Through close readings of texts by Washington Irving John Neal Catharine Sedgwick Frederick Douglass Ralph Waldo Emerson and Herman Melville Insko argues that these writers practiced forms of literary historiography that treat the past as neither a reflection of present interests nor as an irretrievably distant other but as a complex and open ended interaction between the two In place of a fixed and linear past these writers imagine history as an experience rooted in a fluid dynamic and ever changing present The political philosophical and aesthetic disposition Insko calls romantic presentism insists upon the present as the fundamental sphere of human action and experience and hence of ethics and democratic possibility

known works in the Melville canon with particular attention to the author s literary use of the Bible Neither Believer Nor Infidel examines the debate between religious skepticism and Christian faith that infused Herman Melville s writings following Moby Dick Jonathan A Cook s study is the first to focus on the decisive role of faith and doubt in Melville s writings following his mid career turn to shorter fiction and still later to poetry as a result of the commercial failures of Moby Dick and Pierre Nathaniel Hawthorne claimed that Melville can neither believe nor be comfortable in his unbelief a remark that encapsulates an essential truth about Melville s attitude to Christianity Like many of his Victorian contemporaries Melville spent his literary career poised between an intellectual rejection of Christian dogma and an emotional attachment to the consolations of non dogmatic Christian faith Accompanying this ambivalence was a lifelong devotion to the text of the King

James Bible as both moral sourcebook and literary template Following a biographical overview of skeptical influences and manifestations in Melville's early life and career Cook examines the evidence of religious doubt and belief in *Bartleby the Scrivener* *Cock a Doodle Do* *The Encantadas* *Israel Potter* *Battle Pieces* *Timoleon* and *Billy Budd* Accessible for both the general reader and the scholar *Neither Believer Nor Infidel* clarifies the ambiguities of Melville's pervasive use of religion in his fiction and poetry In analyzing Melville's persistent oscillation between metaphysical rebellion and attenuated belief Cook elucidates both well known and under appreciated works

The Confidence-Man and Billy Budd, Sailor Herman Melville, 2012-05-31 With an essay by Daniel G Hoffmann Life is a picnic in costume one must take a part assume a character stand ready in a sensible way to play the fool In *The Confidence Man* Melville's unnerving and hallucinatory satire on the American dream a slippery trickster and master of disguise comes to swindle his fellow passengers who themselves may also be con men aboard a Mississippi steamboat *Billy Budd Sailor* published after Melville's death in 1891 is a gripping allegory of good and evil as an innocent man pressed into service on a British man of war is falsely accused of mutiny Both these late works are animated with the dark genius of the greatest of American writers The Penguin English Library 100 editions of the best fiction in English from the eighteenth century and the very first novels to the beginning of the First World War
