Texaco Roman:

The Texaco Star, 1928 Texaco Patrick Chamoiseau, 1998-02-24 Chamoiseau is a writer who has the sophistication of the modern novelist and it is from that position as an heir of Joyce and Kafka that he holds out his hand to the oral prehistory of literature Milan Kundera Of black Martinican provenance Patrick Chamoiseau gives us *Texaco* winner of the Prix Goncourt France's most prestigious literary prize an international literary achievement tracing one hundred and fifty years of post slavery Caribbean history a novel that is as much about self affirmation engendered by memory as it is about a quest for the adequacy of its own form In a narrative composed of short sequences each recounting episodes or developments of moment and interspersed with extracts from fictive notebooks and from statements by an urban planner Marie Sophie Laborieux the saucy aging daughter of a slave affranchised by his master tells the story of the tormented foundation of her people's identity The shantytown established by Marie Sophie is menaced from without by hostile landowners and from within by the volatility of its own provisional state Hers is a brilliant polyphonic rendering of individual stories informed by rhythmic orality and subversive humor that shape a collective experience A joyous affirmation of literature that brings to mind Boccaccio La Fontaine Lewis Carroll Montaigne Rabelais and Joyce *Texaco* is a work of rare power and ambition a masterpiece

compelling vision of the postcolonial world from a francophone Caribbean perspective An important addition to Caribbean literary studies Patrick Chamoiseau is an indispensable work for scholars interested in francophone Caribbean and world literatures as well as cultural studies Scholars and students with interests in creolization neocolonialism and globalization will find this work particularly valuable Patrick Chamoiseau brings the writer's major works of fiction into dialogue with lesser known texts including unpublished theatrical works screenplays visual texts and treatises This holistic comprehensive and largely chronological study of Chamoiseau's oeuvre includes analyses of various authorial strategies especially the use of narrative masques cross cultural storytelling techniques and creolizing poetics

The Sense of Community in French Caribbean Fiction Celia Britton, 2010-01-01 This groundbreaking book analyzes the theme of community in seven French Caribbean novels in relation to the work of the French philosopher Jean Luc Nancy The complex history of the islands means that community is often a central and problematic issue in their literature underlying a range of other questions such as political agency individual and collective subjectivity attitudes towards the past and the future and even the literary form itself Celia Britton here studies a range of key books from the region including douard Glissant's *Le Quatrième Siècle* Patrick Chamoiseau's *Texaco* Daniel Maximin's *L'île et une nuit* and Vincent Placoly's *L'eau de mort* guildive among others

Violence in Caribbean Literature Véronique Maisier, 2014-12-11 Violence in Caribbean Literature Stories of Stones and Blood this book looks at the scene of the throwing of a stone found in five novels and uses it as a starting point to an examination of the turmoil of history in the Caribbean the colonial education imposed on Caribbean populations the gendered relations that exist today in the Caribbean region the political status and aspirations of Caribbean nations and the psychological impact of colonization on Caribbean minds The trope of the stone and the analysis of the violence it delivers provide the thread that conducts the linked readings of these novels written by Dominican Jean Rhys Trinidadian Merle Hodge Guadeloupean Gisèle Pineau Martinican Patrick Chamoiseau and Jamaican American Michelle Cliff The analytical and critical readings of these writers novels complement each other and draw out their commonalities echoes and differences while the juxtaposition of Anglophone and Francophone novels from different Caribbean nations contributes to a polyphonic understanding of the region While the book offers diversity in the range of countries and languages represented and in the interdisciplinarity of the scholarly fields that intersect in its cultural

discussions it maintains its coherence by the unifying theme of violence and its representations in Caribbean literature

The Worlds of Langston Hughes Vera M. Kutzinski, 2012-09-18 The poet Langston Hughes was a tireless world traveler and a prolific translator editor and marketer Translations of his own writings traveled even more widely than he did earning him adulation throughout Europe Asia and especially the Americas In *The Worlds of Langston Hughes* Vera Kutzinski contends that for writers who are part of the African diaspora translation is more than just a literary practice it is a fact of life and a way of thinking Focusing on Hughes's autobiographies translations of his poetry his own translations and the political lyrics that brought him to the attention of the infamous McCarthy Committee she shows that translating and being translated and often mistranslated are as vital to Hughes's own poetics as they are to understanding the historical network of cultural relations known as literary modernism As Kutzinski maps the trajectory of Hughes's writings across Europe and the Americas we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored Madrid Havana Buenos Aires Mexico City and of course Harlem The result is a fresh look at Hughes not as a solitary author who wrote in a single language but as an international figure at the heart of a global intellectual and artistic formation

Antillanité, créolité, littérature-monde Isabelle Constant, Kahiudi C. Mabana, 2013-02-14 This collection of essays explores concepts present in literatures in French that since the 2007 manifesto more and more critics suspicious of the term Francophonie now prefer to designate as *littérature monde* world literature The book shows how the three movements of antillanité, créolité and *littérature monde* each in their own way break with the past and distance themselves from the hexagonal centre The critics in this collection show how writers seek to represent an authentic view of their history culture identities reality and diversities According to many of the contributors creolization and *littérature monde* offer new perspectives and possibly a new genre of literature Ces essais explorent les concepts présents dans la littérature en français que depuis le manifeste de 2007 de plus en plus de critiques suspicieux du terme francophonie préfèrent désigner sous le terme de *littérature monde* Ce livre montre comment les trois mouvements antillanité, créolité et *littérature monde* bien qu'ils cherchent chacun à présenter une rupture offrent aussi un but similaire de distanciation avec le centre hexagonal Les critiques de ce recueil montrent comment les écrivains cherchent à représenter une vision authentique de leur histoire leur culture leurs identités leur réalité et leur diversité Selon de nombreux contributeurs ce recueil la créolisation ou la *littérature monde* offrent de nouvelles perspectives et la possibilité d'un nouveau genre de littérature
