Modernism, Morality, and Metaphysics Carol Margaret Davison, Elaine M. Hartnell, 2020-09-10 This collection reappraises and retheorizes Marie Corelli's diverse fictional writings and locates them in their contemporary literary and social context Marie Corelli 1855-1924 was a fabulously popular novelist in the late nineteenth and early twentieth centuries Yet in her day critics railed against her taste for sentimentality melodrama supernatural worlds and overt didacticism Many

critics are still ambivalent about her writing However in their reappraisal the contributors to this volume largely circumvent the earlier critics and engage afresh with Corelli s writing strategies genre choices representations of social issues and ideas about science metaphysics and morality Moving beyond the now outdated project of recovery the volume also discusses Corelli s literary market place analysing both her publishing successes and her decline in popularity An important theme throughout is Corelli s troubled relationship with an emerging literary Modernism and an ever widening gulf between high and popular culture The contributors interrogate the critical templates assumptions and biases of a literary establishment past and present centred on Modernist tropes and structures As a result the Corelli they unearth is not a defective Modernist but an innovative and original writer who eschewed the dictates of a movement with which she had no empathy This book was originally published as a special issue of *Women s Writing* *Bachelor Boss* Pamela Ingrahm,2011-07-15
