The Guyana Massacre:

The Strongest Poison, 2014-03-31 Nearly one thousand members of the Peoples Temple settlement in Jonestown Guyana died in a massacre in November 1978 The deaths followed the killing of United States Congressman Leo Ryan and other Temple members as they attempted to leave the compound Those killings along with the massacre were ordered by the cult's charismatic leader Jim Jones Mark Lane had accompanied Congressman Ryan into Jonestown on a fact finding mission and was captured and held hostage during the massacre I will tell the world the truth about what happened here With those words Mark Lane's guards allowed him to escape from his makeshift prison from what would soon become one of the most tragic events in 20th century America Lane found himself fleeing for his life through the impenetrable darkness of the Guyanese rainforest as the sounds of the Jonestown massacre echoed behind him In The Strongest Poison Lane tells why he was there what happened in the days leading up to the massacre and relates the stories of the nearly 1 000 men and women who put their faith in Jim Jones and his jungle paradise and died there In this riveting tale of hope and renewal despair and devastation Lane explores the reasons behind the Peoples Temple's journey to Guyana of the joyous celebrations and the hardships of the pioneering community He also explores the reasons for Congressman Ryan's investigation into the community exposing the decisions made by representatives of the United States government that pushed the increasingly irrational Jones to his breaking point

American Suicide Howard I. Kushner, 1991 For the nineteenth century physician the moral issues that suicide raised could not be isolated from its constitutional components Thus those who exhibited suicidal tendencies were subjected to an amalgamation of pharmacological social and psychological interventions which practitioners labeled the moral treatment By the 1890s however the consensus about the causes of suicide became unglued as a bacteriological medicine and the rise of the social sciences jointly served to call into question eclectic diagnoses The goal of American Suicide is to demonstrate how the apparent contradictions among sociological psychoanalytic and neurobiological explanations of the etiology of suicide may be resolved Only through a reintegration of culture psychology and biology can we begin to construct a satisfactory answer to the questions first raised by Durkheim Freud and Kraepelin

The Rise and Fall of Synanon Rod Janzen, 2023-10-03 The definitive account of Synanon On a fall day in 1978 Los Angeles attorney Paul Morantz reached into his mailbox to collect his mail and was nearly killed He was bitten by the four foot long rattlesnake that had been put there by members of a cultlike group called Synanon Chuck Dederich a former Alcoholics Anonymous member who coined the phrase Today is the first day of the rest of your life established Synanon as an innovative drug rehabilitation center near the Santa Monica beach in 1958 Synanon quickly evolved into an experimental commune and religion that attracted thousands of members and was strongly committed to social justice and progressive education Twenty years later when Dederich was arrested for the Morantz attack Synanon had devolved into a paranoid community that followed its egomaniacal leader in whatever direction he chose to take Based on extensive primary sources and interviews with former

members The Rise and Fall of Synanon explores how the group arose in the context of American social political and economic trends Historian Rod Janzen argues that Synanon s downfall resulted from members giving too much power to Synanon s charismatic founder The subject of a new documentary and podcast this community serves as a mesmerizing case study of how alternative societies can change over time and how the general public s reactions to such societies can shift from tolerance to fear and opposition

Peoples Temple and Black Religion in America Rebecca Moore,Anthony B. Pinn,Mary R. Sawyer,2004-03-11 The Peoples Temple movement ended on November 18 1978 when more than 900 men women and children died in a ritual of murder and suicide in their utopianist community of Jonestown Guyana Only a handful lived to tell their story As is well known Jim Jones the leader of Peoples Temple was white but most of his followers were black Despite that little has been written about Peoples Temple in the context of black religion in America In 10 essays writers from various disciplines address this gap in the scholarship Twenty five years after the tragedy at Jonestown they assess the impact of the black religious experience on Peoples Temple

Salvation and Suicide David Chidester, 2018-11-01 An ambitious and courageous examination of the Jonestown cult
viewed through the lens of theology Journal of the American Academy of Religion Re issued in recognition of the 25th
anniversary of the mass suicides at Jonestown this revised edition of David Chidester s groundbreaking book features a new
prologue that considers the meaning of the tragedy for a post Waco post 9 11 world For Chidester the murder suicide of
some 900 members of the Peoples Temple in Guyana recalls the American religious commitment to redemptive sacrifice
which for Jim Jones meant saving his followers from the evils of capitalist society Jonestown is ancient history writes
Chidester but it does provide us with an opportunity to reflect upon the strangeness of familiar promises of redemption
through sacrifice His original conclusion that the Peoples Temple was a meaningful religious movement seems all the more
prescient and astute today when fundamentalism has raised the troubling spectre of violence and suicide all over the world
