The Hallowing:

The Hallowing of Logic Simon J.G. Burton, 2012-05-03 While Richard Baxter 1615-91 has been called the chief of English Protestant schoolmen few studies of his theology exist and none of his major systematic work the *Methodus Theologiae* 1681 Through examining the scriptural and metaphysical foundations of his exemplaristic logic and engaging extensively with his medieval and early modern sources this study presents Baxter's understanding of method as the unfolding of the believer's relation with the Triune God through salvation history revealing his profound debt to Scotist and Nominalist thought In tracing the manifold ramifications of this method it offers a fresh reading of Baxter's soteriology countering the charges of moralism and rationalism often levelled at him and placing his thought within a scholastic paradigm of faith seeking understanding

[Matthew](#) Frederick Dale Bruner, 2007-06-25 Recognized as a masterly commentary when it first appeared Frederick Dale Bruner's study of Matthew is now available as a greatly revised and expanded two volume work the result of seven years of careful refinement enrichment and updating Through this commentary crafted especially for teachers pastors and Bible students Bruner aims to help God's people love what Matthew's Gospel says Bruner's work is at once broadly historical and

deeply theological It is historical in drawing extensively on great church teachers through the centuries and on the classical Christian creeds and confessions It is theological in that it unpacks the doctrines in each passage chapter and section of the Gospel Consciously attempting to bridge past and present Bruner asks both what Matthew s Gospel said to its first hearers and what it says to readers today As a result his commentary is profoundly relevant to contemporary congregations and to those who guide them Bruner s commentary is replete with lively verse by verse discussion of Matthew s text While each chapter expounds a specific topic or doctrine the book s format consists of a vivid original translation of the text followed by faithful exegesis and critical analysis a survey of historical commentary on the text and current applications of the text or theme under study In this revision Bruner continues to draw on the best in modern scholarship including recent work by W D Davies and Dale C Allison Jr by Ulrich Luz and by many others adding new voices to the reading of Matthew At the same time he cites the classic commentaries of Chrysostom Jerome Augustine Luther Calvin Bengel and the rest who like Bruner himself were not simply doctrinal teachers but also careful exegetes of Scripture Such breadth and depth of learning assure that Bruner s Matthew will remain as a reviewer for Interpretation wrote the most dog eared commentary on the shelf Volume 1 of Bruner s commentary is called The Christbook because the first twelve chapters of Matthew are focused on the nature and work of Christ As Bruner proceeds through these chapters he shows how Matthew presents step by step central themes of Christology Jesus coming chapters 1 4 his teaching 5 7 his miracles 8 9 his sermon on mission 10 and his person 11 12 Throughout the book there are also thoughtful discussions of significant topics such as baptism marriage Jewish Christian relations and heaven and hell Eminently readable rich in biblical insight and ecumenical in tone Bruner s two volume commentary on Matthew now stands among the best in the field
