The Hamadsha Vincent Crapanzano, 1973-01-01 The Hamadsha are members of a loosely and diversely organized religious brotherhood or confraternity which traces its spiritual heritage back to two Moroccan saints of the late seventeenth and early eighteenth centuries Sidi Ali ben Hamdush and Sidi Ahmed Dghughi Despite a certain notoriety due to their head slashing and other practices of self mutilation the Hamadsha have received comparatively little attention in the literature ethnographic or other on Morocco and North Africa The H[R]Amadsha; a Study in Moroccan Ethnopsychiatry Vincent Crapanzano, 1973 **The Psychoanalytic Study of Society, V. 11** L. Where Humans and Spirits Meet Kjersti Larsen, 2008-06-01 Zanzibar an island off the East African coast with its Muslim and Swahili population offers rich material for this study of identity religion and multiculturalism This book focuses on the phenomenon of spirit possession in Zanzibar Town and the relationships created between humans and spirits it provides a way to apprehend how society is constituted and conceived and thus discusses Zanzibari understandings of what it means to be human **Firewalking and Religious Healing** Loring M. Danforth, 2016-09-29 If the Saint calls you if you have an open road then you don t feel the fire as if it were your enemy says one of the participants in the Anastenaria This compelling work

evokes and contrasts two forms of firewalking and religious healing first the Anastenaria a northern Greek ritual in which people who are possessed by Saint Constantine dance dramatically over red hot coals and second American firewalking one of the more spectacular activities of New Age psychology Loring Danforth not only analyzes these rituals in light of the most recent work in medical and symbolic anthropology but also describes in detail the lives of individual firewalkers involving the reader personally in their experiences he views ritual therapy as a process of transformation and empowerment through which people are metaphorically moved from a state of illness to a state of health Danforth shows that the Anastenaria and the songs accompanying it allow people to express and resolve conflict laden family relationships that may lead to certain kinds of illnesses He also demonstrates how women use the ritual to gain a sense of power and control over their lives without actually challenging the ideology of male dominance that pervades Greek culture Comparing the Anastenaria with American firewalking Danforth includes a gripping account of his own participation in a firewalk in rural Maine Finally he examines the place of anthropology in a postmodern world in which the boundaries between cultures are becoming increasingly blurred

Islam, Memory, and Morality in Yemen Gabriele Vom Bruck, 2016-09-23 *Islam Memory and Morality in Yemen* tells a story of a Yemeni hereditary elite which was overthrown in the 1962 revolution in North Yemen For over a millennium they had enjoyed exclusive rights to the leadership of the Imamate the religiously sanctioned state Following the violent removal from power of King Faysal of Iraq in 1958 the overthrow of the Yemeni Imamate the longest lasting Hashimite rule in the Middle East confirmed the decline of Hashimite power held by ruling generations claiming descent from the Prophet Muhammad However rather than concentrating on recent political history *Islam Memory and Morality in Yemen* highlights the personal predicament of those targeted by the revolution in which they served as the foil for the new regime s moral and political ascendancy Focusing on the cultural politics of memory the book explores how members of the elite remember in the process of making sense of their current lives and formulating responses to adversity
