Bhartrihari The Hermit & the Love-thief, 1978 **The hermit** Bhartrihari, 1978 *The Hermit & the love-thief*, 1978

Po Ch i Juyi Bai, 2000 The Tang dynasty was the great age of Chinese poetry and Po Ch i 772-846 was one of that era's most prolific major poets. His appealing style marked by deliberate simplicity won him wide popularity among the Chinese public at large and made him a favorite with readers in Korea and Japan as well. From Po Ch i's well-preserved corpus personally compiled and arranged by the poet himself in an edition of seventy-five chapters, the esteemed translator Burton Watson has chosen 128 poems and one short prose piece that exemplify the earthy grace and deceptive simplicity of this master poet. For Po Ch i, writing poetry was a way to expose the ills of society and an autobiographical medium to record daily activities as well as a source of deep personal delight and satisfaction, constituting along with wine and song one of the chief joys of existence. Whether exposing the gluttony of arrogant palace attendants during a famine, describing the delights of drunkenly chanting new poems under the autumn moon, depicting the peaceful equanimity that comes with old age, or marveling at cool Zen repose during a heat wave, these masterfully translated poems shine with a precisely crafted artlessness that conveys the subtle delights of Chinese poetry. *Breeze Through Bamboo* Saikō Ema, 1998 Organized chronologically, these poems provide an engaging portrait of an artist's life. **Ryokan** 良寛, 1977 Watson includes the representative works of this Tokugawa poet's waka and kanshi works along with an introduction and the original Japanese poems in romanized form. *In the Shelter of the Pine* Ōgimachi Machiko, 2021-06-29 In the early eighteenth century, the noblewoman Ōgimachi Machiko composed a memoir of Yanagisawa Yoshiyasu, the powerful samurai for whom she had served as a concubine for twenty years. Machiko assisted Yoshiyasu in his ascent to the rank of chief adjutant to the Tokugawa shogun. She kept him in good graces with the imperial court, enabled him to study poetry with aristocratic teachers, and have his compositions read by the retired emperor, and gave birth to two of his sons. Writing after Yoshiyasu's retirement, she recalled it all from the glittering formal visits of the shogun and his entourage to the passage of the seasons as seen from her apartments in the Yanagisawa mansion. *In the Shelter of the Pine* is the most significant work of literature by a woman of Japan's early modern era. Featuring Machiko's keen eye for detail, strong narrative voice, and polished prose studded with allusions to Chinese and Japanese classics, this memoir sheds light on everything from the social world of the Tokugawa elite to the role of literature in women's lives. Machiko modeled her story on *The Tale of Genji*, illustrating how the eleventh-century classic continued to inspire its female readers and provide them with the means to make sense of their experiences. Elegant, poetic, and revealing, *In the Shelter of the Pine* is a vivid portrait of a distant world and a vital addition to the canon of Japanese literature available in English. **Courtier and Commoner in Ancient China** Gu Ban, 1974 Pan Ku's celebrated and influential *History of the Former Han* has been a model for dynastic history since its appearance in the first century A.D. Burton Watson has translated ten chapters from the biography section, including the lives of imperial princes, generals,

officials and some lesser figures **The Tale of an Anklet** *Iḷaṅkōvaṭikaḷ*,1993 Originating in Tamil mythology Cilappatikaram is the love story of Kannaki and Kovalan Kannaki wears a circular anklet representing the power strength and dignity of the goddess Pattini Goddess status is bestowed upon Kannaki as her life undergoes the same fate as the anklet that is stolen and used as a weapon *Basic Writings* Xunzi,1996 Hsun Tzu born ca 312 B C provided the dominant philosophical system of his day Although basically Confucian he differed with Mencius by asserting that the original nature of man is evil and also expounded on such subjects as good government military affairs Heaven and music **Masterworks of Asian Literature in Comparative Perspective: A Guide for Teaching** Barbara Stoler Miller,2016-09-16 This is a collection of 46 essays by specialists in Asian literature who offer a wide range of possibilities for introducing Asian literature to English speaking students It is intended to help in promoting multicultural education *Yokomitsu Riichi* Dennis Keene,1999-05 Yokomitsu Riichi occupied a central position in the Japanese literary world during the 1920 s and 1930 s He is perhaps the most important counterpart in modern Japanese prose literature to the modernist writers at work in Europe during and following World War I His experimental works of the mid 1920 s are a fascinating self conscious attempt to introduce the modernism of Europe to what was by any standards an alien tradition These experimental writings are perhaps the most striking example in Japanese literature of European influence can be Dennis Keene s study Yokomitsu Riichi Modernist concentrates on these early modernist works Although he attends fully to Yokomitsu s works as worthy objects of study in themselves Keene s real subject is the ways in which pme literature can affect another For modern Japanese literature and for modern Japanese society as a whole the overwhelming fact is the presence of the West In this context Yokomitsu himself emerges as one of the most significant agents of this presence In demonstrating how Yokomitsu and other writers of the early twentieth century created a new form of Japanese literature Keene provides not only a significant study in comparative literature but a paradigm of cross cultural relations between Japan and the West **Life Energies, Forces and the Shaping of Life: Vital, Existential** Anna-Teresa Tymieniecka,2012-12-06 The nature of life consists in a constructive becoming see *Analecta Husserliana* vol 70 Though caught up in its relatively stable stationary intervals manifesting the steps of its accomplishments that our attention is fixed In this selection of studies we proceed in contrast to envisage life in the Aristotelian perspective in which *energia* forces and dynamisms of life at work are at the fore Startling questions emerge what distinction could be drawn between the prompting forces of life and its formation Or is this distinction a result of our transcendental faculties The answers to these questions reveal themselves as Tymieniecka proposes at the phenomenologically ontopoietic level of life s origination where transcendentality surges *Selected Poems of Du Fu* ,2003-03-17 Du Fu 712 777 has been called China s greatest poet and some call him the greatest nonepic nondramatic poet whose writings survive in any language Du Fu excelled in a great variety of poetic forms showing a richness of language ranging from elegant to colloquial from allusive to direct His impressive breadth of subject matter includes intimate personal

detail as well as a great deal of historical information which earned him the epithet poet historian Some 1 400 of Du Fu s poems survive today his fame resting on about one hundred that have been widely admired over the centuries Preeminent translator Burton Watson has selected 127 poems including those for which Du Fu is best remembered and lesser known works *The T.N.
