The Aesthetics of Clarity and Confusion Geoffrey A. Baker, 2016-12-22 What should literature with political aims look like This book traces two rival responses to this question one prizing clarity and the other confusion which have dominated political aesthetics since the late nineteenth century Revisiting recurrences of the avant garde experimentalism versus critical realism debates from the twentieth century Geoffrey A Baker highlights the often violent reductions at work in earlier debates Instead of prizing one approach over the other as many participants in those debates have done Baker focuses on the manner in which the debate itself between these approaches continues to prove productive and enabling for politically engaged writers This book thus offers a way beyond the simplistic polarity of realism vs anti realism in a study that is focused on influential strands of thought in England France and Germany and that covers well known authors such as Zola Nietzsche Arnold Mann Brecht Sartre Adorno Lukács Beauvoir Morrison and Coetzee

Костурков's World Dèmeuble Milena Katsarska, Yana Rowland, Rositsa Dekova, 2019-07-05 This volume is a collection of words in honor of our colleague teacher and friend Yordan Kosturkov It is but a feeble attempt to lock within book covers not unlike the bare walls of an unfurnished room the rich and multifaceted world the writer poet scholar translator intellectual and human being Kosturkov has been building for many decades brick by brick stone by stone The first part in this collection revolves around the idea of the rational and disciplined knowledge in constructing Arguments The second and somewhat unruly part strives to capture the elusive and the emotional as well as the misremembered in our Affinities The third gives our readers the record of the archeologist who has embarked on an excavation in the Archives It is in the dynamics between these three parts that the editors have tried to approximate the sense of the world created and inhabited by Yordan Kosturkov if we threw all furniture out the window

Thomas Mann's War Tobias Boes, 2019-11-15 In Thomas Mann's War Tobias Boes traces how the acclaimed and bestselling author became one of America's most prominent anti fascists and the spokesperson for a German cultural ideal that Nazism had perverted Thomas Mann winner of the 1929 Nobel Prize in literature and author of such world renowned novels as *Buddenbrooks* and *The*

Magic Mountain began his self imposed exile in the United States in 1938 having fled his native Germany in the wake of Nazi persecution and public burnings of his books Mann embraced his role as a public intellectual deftly using his literary reputation and his connections in an increasingly global publishing industry to refute Nazi propaganda As Boes shows Mann undertook successful lecture tours of the country and penned widely read articles that alerted US audiences and readers to the dangers of complacency in the face of Nazism s existential threat Spanning four decades from the eve of World War I when Mann was first translated into English to 1952 the year in which he left an America increasingly disfigured by McCarthyism Boes establishes Mann as a significant figure in the wartime global republic of letters Open access edition funded by the National Endowment for the Humanities
