The Soviet Sixties Robert Hornsby, 2023-09-26 The story of a remarkable era of reform controversy optimism and Cold War confrontation in the Soviet Union Beginning with the death of

Stalin in 1953 the sixties era in the Soviet Union was just as vibrant and transformative as in the West The ideological romanticism of the revolutionary years was revived with renewed emphasis on egalitarianism equality and the building of a communist utopia Mass terror was reined in great victories were won in the space race Stalinist cultural dogmas were challenged and young people danced to jazz and rock and roll Robert Hornsby examines this remarkable and surprising period showing that even as living standards rose aspects of earlier days endured Censorship and policing remained tight and massacres during protests in Tbilisi and Novocherkassk alongside invasions of Hungary and Czechoslovakia showed the limits of reform The rivalry with the United States reached perhaps its most volatile point friendship with China turned to bitter enmity and global decolonization opened up new horizons for the USSR in the developing world These tumultuous years transformed the lives of Soviet citizens and helped reshape the wider world [American Phenomenology](#) E.F. offers a wide ranging and thorough survey of theatres companies dramatists new movements and developments in response to the economic and political conditions of the day The work of the four most prominent playwrights from the decade receives in depth analysis and re evaluation by a team of experts together with commentary on their subsequent work and legacy A final section brings together original documents such as interviews with the playwrights and with directors drafts of play scenes and other previously unpublished material The major playwrights and their plays to receive in depth coverage in this volume include Edward Albee *The American Dream* 1960 Who's Afraid of Virginia Woolf 1962 *A Delicate Balance* 1966 and *Tiny Alice* 1964 Amiri Baraka *Dutchman* 1964 *The Slave* 1964 and *Slaveship* 1967 Adrienne Kennedy *Funnyhouse of a Negro* 1964 *Cities in Bezique* *The Owl Answers* and *A Beast's Story* 1969 and *A Rat's Mass* 1967 Jean Claude van Itallie *American Hurrah* 1966 *The Serpent* 1968 and *War* 1963

The Third World in the Global 1960s Samantha Christiansen, Zachary A. Scarlett, 2013 Decades after the massive student protest movements that consumed much of the world the 1960s remain a significant subject of scholarly inquiry While important work has been done regarding radical activism in the United States and Western Europe events in what is today known as the Global South Asia Africa and Latin America have yet to receive the attention they deserve This volume inserts the Third World into the study of the 1960s by examining the local and international articulations of youth protest in various geographical social and cultural arenas Rejecting the notion that the Third World existed on the periphery it situates the events of the 1960s in a more inclusive context building a richer more nuanced understanding of the era that better reflects the dynamism of the period

Peace and Freedom Simon Hall, 2011-06-07 Two great social causes held center stage in American politics in the 1960s the civil rights movement and the antiwar groundswell in the face of a deepening American military commitment in Vietnam In *Peace and Freedom* Simon Hall explores two linked themes the civil rights movement's response to the war in Vietnam on the one hand and on the other the relationship between the black groups that opposed the war and the mainstream peace movement Based on comprehensive archival research the book weaves together local and national stories to offer an illuminating and judicious chronicle of these movements demonstrating how their increasingly radicalized components both found common cause and provoked mutual antipathies *Peace and Freedom* shows how and why the civil rights movement responded to the war in differing ways explaining black militants hostility toward the war while also providing a sympathetic treatment of those organizations and leaders reluctant to take a stand And while Black Power counterculturalism and left wing factionalism all made interracial coalition building more difficult the book argues that it was the peace movement's reluctance to link the struggle to end the war with the fight

against racism at home that ultimately prevented the two movements from cooperating more fully Considering the historical relationship between the civil rights movement and foreign policy Hall also offers an in depth look at the history of black America s links with the American left and with pacifism With its keen insights into one of the most controversial decades in American history Peace and Freedom recaptures the immediacy and importance of the time *Andean Archaeology III* William Isbell, Helaine Silverman, 2008-02-01 The third volume in the Andean Archaeology series this book focuses on the marked cultural differences between the northern and southern regions of the Central Andes and considers the conditions under which these differences evolved grew pronounced and diminished This book continues the dynamic current problem oriented approach to the field of Andean Archaeology that began with Andean Archaeology I and Andean Archaeology II Combines up to date research diverse theoretical platforms and far reaching interpretations to draw provocative and thoughtful conclusions **Warhol** Victor Bockris, 2009-04-29 Artist filmmaker magazine publisher instigator of Pop Art Andy Warhol 1928-1987 used his canvasses of dollar bills soup cans and celebrities to subvert distinctions between high and popular culture His spectacular career encompassed the underground scene as well as the equally deviant worlds of politics show business and high society Warhol is the definitive chronicle of Warhol s storied life *The Comics of R.
