Strategic Leadership A Multiorganizationallevel Perspective:

Strategic Leadership Robert L. Phillips, James G. Hunt, 1992-12-04 Civilian and military experts came together to explore a number of cutting edge aspects of strategic leadership using Elliot Jaques's Stratified Systems Theory SST as a point of departure Page xi

Leadership, Gender, and Organization Mollie Painter-Morland, 2011-04-23 This text provides perspectives on the way in which gender plays a role in leadership dynamics and ethics within organizations It seeks to offer new theoretical models for thinking about leadership and organizational influence Most studies of women's leadership draw on an ethics of care as characteristic of the way women lead but as such it tends towards essentialist gender stereotypes and does little to explain the complex systemic variables that influence the functioning of women within organizations This book moves beyond the canon in exploring alternative paradigms for thinking about leadership and gender in organizations The authors draw on the literature available in systems thinking systemic leadership and gender theory to offer alternative perspectives for thinking about the ways women lead The book offers invaluable theoretical perspectives and insightful narratives to graduate students and researchers who are interested in women's leadership gender and organization It will be of interest to all women in leadership positions but specifically to those interested in understanding the systemic nature of leadership and their role within it

The SAGE Handbook of Leadership Alan Bryman, David Collinson, Keith Grint, Brad Jackson, Mary Uhl-Bien, 2011-02-17 Leadership pervades every aspect of organizational and social life and its study has never been more diverse nor more fertile With contributions from those who have defined that territory this volume is not only a key point of reference for researchers students and practitioners but also an agenda setting prospective and retrospective look at the state of leadership in the twenty first century It evaluates the domain and stretches it further by considering leadership scholarship from every angle concluding with an optimistic look at the future of leaders followers and their place in organizations and society at large Each section represents a distinctive slant on leadership Macro perspectives including strategic leadership organization theory charismatic leadership complexity leadership and networks Political and philosophical perspectives including distributed leadership critical leadership ethics the military and cults Psychological perspectives including personality leadership style and contingency theories transformational leadership exchange relationships shared leadership cognition leadership development gender trust identity and the dark side of leadership Cultural perspectives including spirituality aesthetics and creativity Contemporary and emergent perspectives followership historical methods virtual leadership emotions image celebrity and the quest for a general theory of leadership

The Capable Executive Moreen Anderson, Paul Dainty, 1996-03-11 Despite the impact senior managers can have on organisations surprisingly little is known about what makes them effective This distinctive book is structured around the findings of the authors eight year research programme into senior executive effectiveness In all eleven Capabilities have been identified which cover how executives cope personally with their role how they lead and influence others and build competitive

organisations Each Capability is used as a starting point to review the latest management thinking and practice as it applies to senior executives

The Organization of Higher Education Michael N. Bastedo, 2012-05-01 Colleges and universities are best understood as networks of departments working together to fulfill a mission of education innovation and community partnership To better understand how these large and complex institutions function scholars can apply organizational and strategic planning concepts made familiar by business management This book follows that model and explores the new and emerging ways by which organizational theories address major contemporary concerns in higher education The contributors to this volume are both influenced and inspired by the pioneering work of Marvin Peterson and his four decade career researching higher education organization Comprising a serious reexamination of the field the essays review past and current thinking address the field's core theoretical traditions and pursue exciting new lines of inquiry including the organizational dynamics of diversity and social movement organizations Ideal for courses in administration and theory this book reinvigorates the study of higher education as an organization and encourages scholars to rediscover the value of organizational principles in all areas of higher education research Contributors Michael N Bastedo University of Michigan Patricia J Gumpert Stanford University James C Hearn University of Georgia Adrianna Kezar University of Southern California Jason Lane State University of New York at Albany Simon Marginson University of Melbourne Michael K McLendon Vanderbilt University Anna Neumann Columbia University Brian Pusser University of Virginia Fabio Rojas Indiana University Daryl G Smith Claremont Graduate University William G Tierney University of Southern California and the late J Douglas Toma University of Georgia

Multiteam Systems Stephen J. Zaccaro, Michelle A. Marks, Leslie DeChurch, 2012-05-22 This book examines an emerging organizational form called the multi team system MTS This type of aggregation is being increasingly adopted by organizations and agencies that need to respond to complex strategic problems There has been increasing interest in MTSs over the last decade to the point where there is now a need to describe these organizational forms more fully b build conceptual frames that can guide research and c begin developing tools to improve the study of MTSs The purpose of this book is to respond to these needs The book contains a series of chapters that expand prior conceptual frames of MTSs defining in more detail the compositional and linkage attributes that characterize such units The book also explores how such systems emerge and develop as well as the methods for studying MTSs The intent of the book is to establish and nurture a strong conceptual and methodological foundation that can guide research and practice with MTSs Because the notion of MTSs cuts across multiple domains this book will interest scholars in industrial organizational psychology organizational science management and organizational theory human factors sociology organization communications and public administration

The Nature of Leadership John Antonakis, Anna T. Cianciolo, Robert J. Sternberg, 2004 More than ever before leadership is seen as critical for the proper functioning of societies and social institutions Written by a team of leading experts The Nature of Leadership will provide compelling answers to the

most vexing questions surrounding leadership Is leadership measurable Are there traits that reliably distinguish leaders from nonleaders Does the situation matter Are there differences in women s and men s leadership styles Is ethical leadership effective leadership Are elements of leadership culturally bounded whereas other elements are universal Does vision really matter Can leadership be developed COVER Rethinking the "L" Word in Higher Education: The Revolution of Research on Leadership Adrianna Kezar,Rozana Carducci,Melissa Contreras-McGavin,2011-10-19 In these times of change and challenge in higher education pleas for leadership have become frequent However the type of leadership required within this new context of globalization demographic changes technological advancement and questioning of social authority may call for different skills requiring a re education among campus stakeholders if they want to be successful leaders In the past twenty years there has been a revolution in the way that leadership is conceptualized across most fields and disciplines Leadership has moved away from being leader centered individualistic hierarchical focused on universal characteristics and emphasizing power over followers Instead a new vision has emerged leadership that is process centered collective context bound non hierarchical and focused on mutual power and influence processes This volume summarizes research and literature about new conceptualizations of leadership to inform practice This is volume 31 number 6 of the ASHE Higher Education Report a bi monthly journal published by Jossey Bass See our entire list of ASHE Higher Education Report titles for a wide variety of critical issues facing Higher Education today **The Handbook for Teaching Leadership** Scott A. Snook,Nitin Nohria,Rakesh Khurana,2012 Supports the growing demand for courses in leadership and ensures that such courses and instruction are developed with multiple considerations and best practices in mind **Leader and Team Adaptation** Stephen J. Zaccaro,2009 This report summarizes the results of a series of investigations that examined a the role of feedback processes as a leadership tool in team adaptation b the influence of developmental work experiences on team and leader adaptability and c the effects of combinations of leader qualities on the display of adaptation processes and performance in dynamic military and business settings The results of these investigations indicated that a process oriented team level and public feedback from leaders was most effective in facilitating team adaptation particularly when team members possess high levels of cognitive skills b developmental assignments are associated with growth in social competencies but only when participating leaders have high levels of metacognitive skill cognitive complexity and tolerance for ambiguity c social competencies influence leader adaptability but only when the organizational climate supports innovation and d several cognitive social and dispositional leader attributes were related singly and in combination to leader adaptability
