

STRATEGIC SURVEY 2000/2001

Strategic Survey 2000 2001

Marcel de Haas

Strategic Survey 2000 2001:

Strategic Survey 2000-2001 International Institute for Strategic Studies, 2001 Strategic Survey 2000 2001 reviews and analyses the key political economic and foreign policy developments and trends of 2000 and the first quarter of 2001 Articles covering regional security proliferation and military conflict form an accessible commentary invaluable for interpreting world wide strategic events

Asymmetries of Conflict John Leech, 2014-04-04 Decisions about defence and security are becoming increasingly open to public influence This book therefore aims to give both the voter and the decision maker a new vision of how to manage crises and avert hostilities with non traditional means

Russia Between East and West Gabriel Gorodetsky, 2004-08-02 Gabriel Gorodetsky unravels President Putin s efforts to re establish Russia s position as a major power attempting to reconcile Russia s traditional national interests with the newly emerging social and political entity taking shape at home

Global Security in the Twenty-First Century Sean Kay, 2015-03-06 This thoroughly updated edition of *Global Security in the Twenty First Century* offers a balanced introduction to contemporary security dilemmas throughout the world Sean Kay assesses the impact of the global economic crisis on international security and considers how the range of thinking about power and peace has evolved in relation to major flashpoints including in the Middle East Asia and Eurasia Kay builds on the first and second edition s emphasis on the roles of trade and technology the militarization of space the privatization of security the use of sanctions ethnic conflict and transnational crime This edition goes even farther to incorporate traditional thinking about national security in the context of human rights democracy population health environment energy and especially education The author includes full updates on emerging challenges out of Iraq Russia and viral diseases in the context of larger strategic questions like the rise of China and America s pivot to rebalance its priorities toward Asia Writing in an engaging style Kay integrates traditional and emerging challenges in one easily accessible study that gives readers the tools they need to develop a thoughtful and nuanced understanding of global security

Security Strategies and American World Order Birthe Hansen, Peter Toft, Anders Wivel, 2008-10-01 This book analyses security strategies in the American world order systematically comparing Russian Middle Eastern and European policies The main finding is that the loss of relative power has decisive importance for the security strategies of states but that particular strategies can only be explained when relative power is combined with ideology and the probability of military conflict Research on the unipolar world order has focused largely on the general dynamics of the system and the actions of the American unipole By contrast this book focuses on states that lost out relatively as a consequence of unipolarity and seeks to explain how this loss has affected their security strategies Thus in essence the book tells the other side of the story about the contemporary world order In addition it makes an important theoretical contribution by systematically coupling relative ideology and relative security with relative power and exploring their explanatory value This book will be of great interest to students of international relations security studies and foreign policy

Post-Cold War Defense Reform Istvan

Gyarmati,Theodor Winkler,2002 Presents case studies of defense reform initiatives in more than twenty countries The United States, China and Southeast Asian Security W. Bert,2002-12-10 China s growing economy and military power may allow it to challenge US influence in East and Southeast Asia Wayne Bert examines the likelihood of this and the impact it would have on Southeast Asian security The approach taken by both the US and China will affect the outcome of this struggle and both the Southeast Asian commitment to economic growth and the development of regional institutions will encourage peaceful evolution and a power transition that avoids major conflict *Readings in European Security (Vol. I)* François Heisbourg,2002 **South Africa's Post Apartheid Foreign Policy** Chris Alden,2019-05-20 The book presents and analyses South African foreign policy from the onset of the democratic transition of Nelson Mandela in 1994 to the contemporary period The focus of the study is on the question of South African leadership in the context of this transition **Russian Security and Air Power, 1992-2002** Marcel de Haas,2013-10-28 First published in 2006 This book analyses the security policy pf the Russian Federation internally as well as externally at all levels of strategy It describes military political decision making from Moscow s grand strategy to the use of single fighter aircraft in Chechnya In this analysis Russia s air forces are used as a model for all services of the armed forces
