Stravinsky On Stage

Theodore Ziolkowski

Stravinsky On Stage:

Stravinsky on Stage Alexander Schouvaloff, Victor Borovsky, 1982 *Memories and Commentaries* Igor

Stravinsky, Robert Craft, 1981-01-01 For the first time in one volume the celebrated Stravinsky and Craft Conversations Few would dispute that Igor Stravinsky was the greatest composer of the twentieth century Conductor and writer Robert Craft was his closest colleague and friend and for over twenty one years he lived with the Stravinskys in their Hollywood home In the early 1950s he accompanied the composer on his concert tours and from the mid 1950s to Stravinsky's death in 1971 he co conducted his concerts Together Stravinsky and Craft published five acclaimed collections known as the Conversations series which sprung from informal talks between the two men In this newly edited and re structured one volume version Craft brings Stravinsky's reflections on his childhood his family life professional associates and personal relationships into sharper focus and places the major compositions in their cultural milieu The Conversations books are the only published writing attributed to Stravinsky that are actually by him in terms of fidelity to his thoughts and opinions making this volume required reading for all fans and students of Stravinsky's music

Modernism on Stage Juliet Bellow, 2017-07-05

Modernism on Stage restores Serge Diaghilev's Ballets Russes to its central role in the Parisian art world of the 1910s and 1920s During those years the Ballets Russes stage served as a dynamic forum for the interaction of artistic genres dance music and painting in a mixed media form inspired by Richard Wagner's Gesamtkunstwerk total work of art This interdisciplinary study combines a broad history of Diaghilev's troupe with close readings of four ballets designed by canonical modernist artists Pablo Picasso Sonia Delaunay Henri Matisse and Giorgio de Chirico Experimental both in concept and form these productions redefine our understanding of the interconnected worlds of the visual and performing arts elite culture and mass entertainment in Paris between the two world wars This volume traces the ways in which artists working with the Ballets Russes adapted painterly styles to the temporal three dimensional and corporeal medium of ballet Analyzing interactions among sets costumes choreography and musical accompaniment the book establishes what the Ballets Russes productions looked like and how audiences reacted to them Juliet Bellow brings dance to bear upon modernist art history as more than a source of imagery or ornament she spotlights a complex dialogue among art forms that did not preclude but rather enhanced artists' interrogation of the limits of medium

Stravinsky's "Great Passacaglia" Donald G. Traut, 2016

Context and composition Concerto as catalyst Analytical tools and recurring elements Counterpoint and tonality in the first movement Tetrachords and tritones in the largo Points of imitation in the finale

In Stravinsky's Orbit Klara

Moricz, 2020-08-04 The Bolsheviks 1917 political coup caused a seismic disruption in Russian culture Carried by the first wave of emigrants Russian culture migrated West transforming itself as it interacted with the new cultural environment and clashed with exported Soviet trends In this book Klara Moricz explores the transnational emigrant space of Russian composers Igor Stravinsky Vladimir Dukelsky Sergey Prokofiev Nicolas Nabokov and Arthur Louri in interwar Paris Their music

reflected the conflict between a modernist narrative demanding innovation and a narrative of exile wedded to the preservation of prerevolutionary Russian culture. The emigrants and the Bolsheviks contrasting visions of Russia and its past collided frequently in the French capital where the Soviets displayed their political and artistic products. Russian composers in Paris also had to reckon with Stravinsky's disproportionate influence if they succumbed to fashions dictated by their famous compatriot they risked becoming epigones if they kept to their old ways they quickly became irrelevant. Although Stravinsky's neoclassicism provided a seemingly neutral middle ground between innovation and nostalgia it was also marked by the exilic experience. Mericz offers this unexplored context for Stravinsky's neoclassicism shedding new light on this infinitely elusive term.

Scandal on Stage Theodore Ziolkowski, 2009-09-24 This book analyses how the outrage caused by controversial plays or productions reflects the moral standards of the time.

Modes of Communication in Stravinsky's Works Per Dahl, 2021-12-16 Igor Stravinsky left behind a complex heritage of music and ideas. There are many examples of discrepancies between his literate statements about music and musicians and his musical compositions and activity. Per Dahl presents a model of communication that unveils a clear and logical understanding of Stravinsky's heritage based on the extant material available. From this Dahl argues the case for Stravinsky's music and his ideas as separate entities representing different modes of communication. As well as describing a triangular model of communication based on a tilted and extended version of Ogden's triangle Dahl presents an empirical investigation of Stravinsky's vocabulary of signs and expressions in his published scores his communicative mode towards musicians. In addition to simple statistics Dahl compares the notation practice in the composer's different stylistic epochs as well as his writing for different sizes of ensembles. Dahl also considers Stravinsky's performances and recordings as modes of communication to investigate whether the multi-layered model can soften the discrepancies between Stravinsky the literary and Stravinsky the musician.

Stravinsky's Piano Graham Griffiths, 2013-02-21 An unprecedented exploration of Stravinsky's use of the piano as the genesis of all his music. Russian neoclassical and serial
