Street Singing And Preaching A Of New Psalms:

Street Singing and Preaching Martin Bell,1991 *Psalm-Singing. A village sermon on the usefulness and delight of psalm-singing, preached in the parish church of St. Stephen, Herts* Thomas CLARKE (Curate of St. Stephen's, Herts.),1824

The Reformation in Rhyme Beth Quitslund,2016-12-05 The Whole Booke of Psalmes was one of the most published and widely read books of early modern England running to over 1000 editions between the 1570s and the early eighteenth century It offered all of the Psalms paraphrased in verse with appropriate tunes together with an assortment of other scriptural and non scriptural hymns and prose prayers for domestic use Because the Elizabethan Church rapidly and pervasively if unofficially adopted this metrical psalter for congregational singing and because it had in practical terms no rivals for church use until the end of the seventeenth century essentially the entire conforming population of early modern England after 1570 would have been familiar with its psalms and hymns as elements of both public worship and private devotion Yet despite the significant impact of The Whole Booke of Psalmes upon English culture and literature this is the first book length study of it and the first sustained critical examination of the texts of which it comprises In large part this neglect is due to the reputation it gained after the mid seventeenth century as a work of poor poetry mainly valued by vulgar and or sectarian audiences This later reception however was the product of not only changing literary tastes but an ideological desire to reshape the history of the Reformation This study focuses on the actual aims of its authors and editors over the course of its gradual composition during the tumultuous religious changes of the mid sixteenth century and recovers its significant influence on the English church and literary practice By tracing the ways in which historical contingency religious fervor and the print marketplace together created and were changed by one of the most successful books of English verse ever printed this study opens a new window through which to view the intellectual and ecclesiastical culture of Tudor England It also shows how in metrical psalmody Protestant reformers discovered what turned out to be a uniquely flexible and effective instrument for advancing their vision of a godly society

A Commentary Upon the Old and New Testaments, with the Apocrypha: Genesis to Canticles ,1809 The Musical Times and Singing-class Circular ,1873

Musical Times and Singing Class Circular ,1891 **Psalms for Preaching and Worship** Roger E. Van Harn,Brent A. Strawn,2009-04-10 Psalms for Preaching and Worship a key addition to the critically acclaimed three volume Lectionary Commentary Despite the rich resources available for studying the Psalms few are as focused on their place in worship and preaching as is this volume The responsorial Psalms of the Revised Common Lectionary are here taken up in careful and often illuminating interpretation with attention also to their interaction with other lectionary texts The many ways that psalms can function meaningfully in the liturgical life of congregations are explored especially in John Witvliet s concluding section I know of no work that combines practice and substance better than this lectionary commentary Patrick D Miller Princeton Theological Seminary A fascinating book well organized well written and edited thorough and informative An

excellent resource not only for preachers using the Revised Common Lectionary but also for those wishing to preach a series of sermons on the Psalms In addition worship leaders and worship committees will appreciate the many excellent ideas for using the Psalms in worship Highly recommended Sidney Greidanus author of Preaching Christ from the Old Testament and Preaching Christ from Genesis Here is something even better than a simple completion of The Lectionary Commentary which would be cause enough for gratitude Serious attention paid to this one book could go a long way toward remedying the scandalous neglect of the treasure of the Psalms in too much contemporary worship Marguerite Shuster Fuller Theological Seminary Contributors Nancy R Bowen William P Brown Walter Brueggemann Richard J Clifford Nancy L deClaiss Walford Jennifer S Green Karl N Jacobson Rolf A Jacobson Melody D Knowles Eunny P Lee Joel M LeMon James Limburg J Clinton McCann James K Mead Carol A Miles Luke A Powery Stephen Breck Reid Sandra L Richter Cynthia L Rigby Kathryn L Roberts Brent A Strawn Beth LaNeel Tanner Roger E Van Harn Raymond C Van Leeuwen J Ross Wagner Gerald H Wilson John Witvliet Christine Roy Yoder *The Works of John Jewel, Bishop of Salisbury: A sermon preached at Paul's Cross ; Correspondence with Dr. Cole ; The reply to Harding's Answer of private mass, of Communion under both kinds, of prayers in a strange tongue, of the supremacy, of real presence, of being in many places, of elevation of the sacrament, of adoration of the sacrament* John Jewel,1845 **Of cemeteries, or burying-places; with an inquiry, how and when the custom of burying in churches first came in** Joseph Bingham,1878 The New Music Review and Church Music Review ,1928
