How to Transform Your Grief into Bliss Santlal Sejwal,2021-01-08 In the book the author convey that life must go on how much worse the situation may be We should learn from Nature which never stops in spite of disasters calamities pandemics etc Whether you live or not makes no difference the Universe will remain as it is so your absence from the earth cannot affect the Universe or Nature Even world activities will not stop without you Therefore it will be better if you live the life as it comes Mean to say accept whatever has been happened In fact we cannot halt any happening because happenings are beyond our control Only one thing is in our power and that is our attitude towards it we can either accept it or resent it Thus accepting the event with tranquillity is to rise above it while resenting on it is to be overpowered by it Therefore accept the present moment as it is To obtain happiness and bliss stop chasing materialistic things such as power fame wealth etc and dive within yourself because everything is within you Thus Absolute Peace or Eternal Bliss is exists within you just like musk exists within the naval of musk deer
