Strindbergs Secret Codes:

Strindberg's Secret Codes Freddie Rokem, 2004 The works of the great Swedish playwright August Strindberg are enigmatic taking the form of riddles that constantly ask readers directors actors and spectators to find new and creative solutions Focusing on all the major plays and the chamber p August Strindberg and the Other , 2022-05-20 The recent sesquicentennial of August Strindberg s 1849 1912 birth was an appropriate occasion for investigating the role of this towering figure in Nordic literature By Eugene O Neill once labeled the most modern of moderns Strindberg the playwright has commanded a prophetic influence on 20th century drama and theater and his voluminous production in several other genres continues to constitute a watershed and some of the highpoints in Swedish letters Yet Strindberg remains as controversial today as he was in his lifetime The nature and degree of his modernity are still under discussion and so is the impact of his remarkable genre proliferation and border transgressing Swedishness Once considered too unruly for the pillars of society and too pious for the radicals his artistic and existential points of gravity remain in critical dispute Generally subjected to traditional modes of inquiry Strindberg s complexity calls for new critical approaches Strindberg and the Other brings together scholars younger and older from Scandinavia and abroad who either venture such new approaches or engage their practitioners in fruitful dialogue Especially promising among the volume s methodological and theoretical propositions is the notion of the other and otherness Indeed the image of August Strindberg himself is quite an other at this millennium than it was just half a century ago **The International Strindberg** Anna Westerståhl Stenport, 2012-11-30 The International Strindberg presents the latest research on the Swedish playwright August Strindberg and his relation to modern and contemporary literature and art Strindberg s career spanned the late nineteenth and early twentieth century
