## **Terror And Suicide Attacks An Islamic Perspective:**

*Terror And Suicide Attacks* M. Fethullah Gülen, 2008-11-01 This book collects articles from various Turkish scholars on Islam and terror particularly how Islam treats suicide bombers The contributors analyze such subjects as terrorism suicide attacks jihad in consultation with first hand sources of Islam All the articles in the book reject the idea that Islam approves terrorism This book is prime example of the efforts in the Islamic world to disassociate terrorism from Islam **Terror and**

**Suicide Attacks** Ergün Çapan, 2004 This collection of articles from various Turkish scholars discusses the recent wave of terrorism and offers a critical opinion of suicide bombers From publisher s description **An Islamic Perspective** Ergün Çapan, 2004

*Root Causes of Suicide Terrorism* Ami Pedahzur, 2006-09-27 The book offers different theoretical and methodological approaches to the understanding of the root causes of suicide attacks **Global Terrorism and New**

**Media** Philip Seib, Dana M. Janbek, 2010-09-13 Global Terrorism and New Media carefully examines the content of terrorist websites and extremist television programming to provide a comprehensive look at how terrorist groups use new media today Based partly on a content analysis of discussion boards and forums the authors share their findings on how terrorism 1 0 is migrating to 2 0 where the interactive nature of new media is used to build virtual organization and community Although the creative use of social networking tools such as Facebook may advance the reach of terrorist groups the impact of their use of new media remains uncertain The book pays particular attention to terrorist media efforts directed at women and children which are evidence of the long term strategy that some terrorist organizations have adopted and the relationship between terrorists media presence and actual terrorist activity This volume also looks at the future of terrorism online and analyzes lessons learned from counterterrorism strategies This book will be of much interest to students of terrorism studies media and communication studies security studies and political science **Juridical Perspectives between Islam and the**

**West** Federico Lorenzo Ramaioli, 2024-01-01 This comparative philosophy of law book aims at formulating a new analytical approach to the Islamic legal tradition based on juridical categories a concept that facilitates comprehension and understanding of juridical phenomena Building upon legal comparativism and legal pluralism this project intends to avoid bias caused by universalizing Western categories when analyzing foreign juridical notions which inevitably results in the miscomprehension of non Western ideas and institutions Unlike existing literature this project will not focus on substantive comparisons between normative contents but on the juridical perspectives that helped to shape the Islamic and Western legal orders The book focuses on the most relevant juridical questions regarding the Islamic and Western legal perspectives such as the different visions regarding juridical spatiality the role of human reason and the relationship between law man and the divinity While contributing to legal philosophy this work intends also to develop and define a new interdisciplinary approach aiming to provide a starting point for novel analyses in research fields such as legal comparativism legal pluralism and constitutional law Finally by formulating a new interdisciplinary approach it will provide a foundational discussion of a

continuously evolving subject that will never be exhaustively explored As such it aims at broadening scholarly reflections on the relationship between the West and Islam eventually placing these concepts within a suitably comprehensive and contextualized framework Published in cooperation with gLAWcal Global Law Initiatives for Sustainable Development Hornchurch Essex United Kingdom A Bibliography of Islamic Criminal Law, Supplement Olaf Köndgen,2024-07-15 The present work supplements the original volume of A Bibliography of Islamic Criminal Law the most extensive bibliography on Islamic criminal law ever compiled Drawing on a multitude of sources online and offline this bibliography covers in its thematic section not only the classical crime categories of *ud d qi* and *ta z r* but also a large number of newly emerging and related fields In a second section dedicated to countries eras and institutions Olaf Köndgen comprehensively covers the historical and modern application of Islamic criminal law in all its forms Unlocking the richness of this sub field of Islamic law also with the help of two detailed indices this innovative reference work is highly relevant for all those researching Islamic law in general and the application of Islamic criminal law over time in particular *Martyrdom in Islam* David Cook,2007-01-15 A fascinating history of the role of martyrdom in the Muslim faith The Art of Coexistence Salih Yucel,Ismail Albayrak,2015-04-07 The global threat of war terrorism the increased gap between poor and rich famine malnutrition global warming and pollution and many other social and cultural problems pose a real challenge for present citizens of the globe Intellectuals and politicians take these challenges as their primary concerns Despite the existence of some pessimists there are a number of initiatives working for the common good and expending great effort to solve these problems The Hizmet Gulen Movement is one of the most influential initiatives that should be taken into consideration in this context Fethullah Gulen is a Turkish Muslim scholar whose ideas have inspired and influenced many Turkish intellectuals educators students businessmen politicians and journalists inside and outside Turkey to establish schools educational and intercultural centers and humanitarian aid organizations in more than one hundred fifty countries Yucel and Albayrak cover the Hizmet Movement under the leadership of Fethullah Gulen from various perspectives in order to shed lights on current discussions **European Muslims, Civility and Public Life** Paul Weller,Ihsan Yilmaz,2012-02-16 This collection deals with challenges and opportunities faced by Muslims and the wider society in Europe following the Madrid train bombings of 2004 and the London Transport attacks of 2005 The contributors explore the challenges to the concept and practice of civility in public life within a European context and demonstrate the contributions that can be made in this regard from the thought and practice of the global movement inspired by the Turkish Muslim scholar Fethullah Gulen The importance and distinctiveness of the teaching of Fethullah Gulen and the practice of the movement is that it is rooted in a confident Turkish Islamic heritage while being fully engaged with modernity It offers the possibility of a contextualised renewal of Islam for Muslims in Europe while being fully rooted in the teachings of the Qur'an and the Sunnah of the Prophet This volume is an important contribution to the study of the movement which advocates the freedom of religion while making an Islamic

contribution to the wider society based on a commitment to service of others The movement and initiatives inspired by the Turkish Muslim scholar Fethullah G len began in Turkey but can now be found throughout the world including in both Europe and in the Muslim world Bloomsbury have a companion volume on The Muslim World and Politics in Transition Creative Contributions of the G len Movement edited by Greg Barton Paul Weller and Ihsan Yilmaz

**The Gülen Hizmet Movement** Tamer Balci, Christopher L. Miller, 2013-01-03 This volume covers the origins historical development and ideas of one of the largest and most influential Islamic movements in the world the G len Hizmet Movement GHM Founded during the Cold War under the inspiration of M Fethullah G len the GHM expanded to over 130 countries by the first decade of the twenty first century The movement s circumspect activism sheltered it from illiberal secular practices in Turkey and has guided it through the anxious post Cold War process of globalization This edited volume covers various characteristics of the movement from G len s unconventional oratory to his educational philosophy In addition the book covers G len s ideas on Islam and democracy and the GHM s indirect political engagement compared to the direct engagement of the Muslim Brotherhood Other chapters in the book cover the role of women in the movement the GHM s creation of an alternative public sphere for pious Muslims and the tension this creation instills in light of Secularism Theory which is analyzed comparatively with American religious pluralism The last two chapters question the effectiveness of interfaith dialogue activities promoted by the movement s adherents A concluding section seeks to synthesize this interdisciplinary scholarship in order to assess the GHM s overall gestalt as a social movement

**The End of Reciprocity** Mark Osiel, 2009-03-09 Why should America restrain itself in detaining interrogating and targeting terrorists when they show it no similar forbearance Is it fair to expect one side to fight by more stringent rules than the other placing itself at disadvantage Is the disadvantaged side then permitted to use the tactics and strategies of its opponent If so then America s most controversial counterterrorism practices are justified as commensurate responses to indiscriminate terror Yet different ethical standards prove entirely fitting the author finds in a conflict between a network of suicidal terrorists seeking mass atrocity at any cost and a constitutional democracy committed to respecting human dignity and the rule of law The most important reciprocity involves neither uniform application of fair rules nor their enforcement by a simple minded tit for tat Real reciprocity instead entails contributing to an emergent global contract that encompasses the law of war and from which all peoples may mutually benefit

**Critical Perspectives on Islam and the Western World** Jonathan Johansen, 2006-01-15 Primary and secondary source documents discuss the Islamic view of Western culture the Western perspective on Islam the confrontation of the two cultures jihad and Islam in Europe

**The Gülen Movement** Helen Rose Ebaugh, 2009-12-01 This is a book about an Islamic movement the G len Movement that is rooted in a moderate version of Islam and that promotes interfaith and intercultural dialog and global peace Based on interviews with supporters of the movement in Turkey and in the U S and visits to G len inspired schools hospitals newspapers and relief organizations the book describes a movement that has

millions of supporters in Turkey and that has spread to over 100 countries on five continents      **"Islam" Means Peace** Amitabh Pal, 2011-03-03 This decisive account of the role of nonviolence in Islam and Muslim societies both historically and in current times chronicles an often obscured but longstanding pacifist tradition Islam Means Peace Understanding the Muslim Principle of Nonviolence Today provides a rebuttal to general misperceptions about the religion by documenting its rich tradition of nonviolence To that end the book examines the sources of Islam the Qur'an the main religious text of Islam and the Hadith the deeds and sayings of the Prophet Muhammad It contests the prevalent notion that Islam is built on violence in part by illuminating the role of the tolerant mystical tradition of Sufism in Islam while at the same time examining the misunderstood place of jihad in the religion The book is not however a historical or theological treatise Rather it focuses on the tradition of nonviolence in modern Muslim societies By spotlighting recent peaceful protest movements in Muslim communities the book underscores the truly global and multicultural nature of the Islamic tradition of nonviolence The findings here will be invaluable for Muslims and non Muslims alike revealing an alternative tradition both can embrace

**Muslim Citizens of the Globalized World** Robert Hunt, Yuksel Aslandogan, 2007-12-01 Exploring the response and contributions of Muslims and Turkish Muslims to globalization including areas such as democratization scientific revolution changing gender roles and religious diversity this study identifies the common values and visions of peace Muslims share This study places specific analysis on the Glen movement a growing approach to the reunification of faith and reason with hopes for a peaceful coexistence between liberal democracies and the religiously diverse      **Critical Perspectives on Terrorism** Elizabeth Schmermund, Stephen Feinstein, 2016-12-15 Terrorism is a form of violence with the main intent of frightening people from pursuing their everyday lives Despite calls to ignore a fear of terrorism lest the terrorists win many Westerners are justifiably scared about what seems like the increased presence of terrorism in their world This text examines viewpoints about the roots of terrorism and its role in different areas around the globe Experts journalists and politicians all weigh in on this important topic in order to help students reach their own conclusions about the role of terrorism in our world today      **Criminology Theory and Terrorism** Joshua Freilich, Gary LaFree, 2017-10-02 Although there has been an increase in research on terrorism across the social and behavioural sciences in the past few decades until recently most of this work has originated from political science psychology or economics Therefore our focus in this book on criminological conceptual frameworks and empirical studies that engage terrorism and responses to it is unique We include a distinguished group of researchers that offer their distinctive insights into criminological perspectives on terrorism The contributors focus on criminological perspectives that have rarely if ever been previously applied to the study of terrorism This includes a range of perspectives from rational choice to social disorganization from strain to routine activities theory This volume will advance understanding of terrorism by taking advantage of criminological contributions and at the same time will serve as a useful update to the criminologists and their students already working in this area It would also be a helpful introduction to those

criminologists and their students who would like to be more engaged in this important area of research This book was originally published as a special issue of Terrorism and Political Violence      *Forensic Psychiatry* Basant Puri,Ian H. Treasaden,2017-08-23 This book covers the basic science and neurobiology of violence and integrates this with clinical legal and ethical aspects of forensic psychiatry Unique text which integrates the basic sciences clinical legal and ethical aspects Highly illustrated Numerous colour images in the basic sciences section further explain the text Succinct yet comprehensive coverage for instant access to the information The book is designed for postgraduate trainees in psychiatry wishing to specialise in forensic psychiatry specialists in forensic psychiatry mental health criminal lawyers and forensic psychologists It will be an invaluable reference work for clinical psychologists criminologists sociologists and other professionals working with forensic psychiatric patients such as members of the probation service social workers and nursing staff      **Sacred Terror** Daniel E. Price,2012-07-19 This book places the current wave of religion based terrorism in a historical perspective explaining why religion is associated with terrorism comparing religion based terrorism to other forms of terrorism and documenting how religion based terrorism is a product of powerful political socioeconomic and psychological forces Religion based terrorism is perceived as one of the most significant threats to U S homeland security in the 21st century Sacred Terror How Faith Becomes Lethal makes the central argument that religion based violence and terrorism is primarily a result of political socioeconomic and psychological forces thereby demystifying religion based terrorism and revealing its inherent similarity to other forms of terrorism and war Daniel Price examines religious texts and traditions in Judaism Christianity and Islam looks at the history of religion based terrorism and explores why religion facilitates violence He builds upon this foundation to explain how religion as an ideological force that motivates violence is not as powerful as commonly believed and that religious fervor is not unlike other non religious ideologies such as Marxism nationalism and anarchism The work also presents in depth analysis of the political socioeconomic and psychological forces that are behind religion based violence and discusses case studies from multiple religions that illustrate the author s argument
