Terrorism Global Perspectives brings together leading scholars to explore how the world's media have influenced and in turn been influenced by terrorism and the war on terror in the aftermath of 9/11. Accessible and user friendly with lively and current case studies it is an essential handbook on the dynamics of war and the media in a global context. Terrorism in Perspective Sue Mahan, Pamala L. Griset, 2008. Introduction What is terrorism History of terrorism International terrorism Terrorist tactics around the globe Homegrown terrorism in the United States Media coverage of terrorism Women terrorists Technology and terrorism Counterterrorism The Criminalization of Incitement to Terrorism from an International Perspective Ye Tao, 2023-07-25 This book critically analyzes the criminalization of incitement to terrorism under the fundamental principles of legality necessity and proportionality with the aim of striking a fair balance between security and liberty on this complicated issue. The criminalization of incitement to terrorism has gained momentum but no exact or generally accepted definition of this offense exists at the international level. What's more given that the criminalization of incitement to terrorism results in restrictions on the exercise of citizens' freedom of expression there should be certain limitations on those criminal measures to avoid unnecessary or disproportionate infringement of this fundamental human right. Nevertheless there has not been a precise standard by which to determine how to draw the line between anti-terrorism and the protection of freedom of expression. Hence it could be concluded that the criminalization of incitement to terrorism concerns how to balance security and liberty and the safeguarding principles of legality necessity and proportionality should be fully observed in considering this issue. This book studies definitions of incitement terrorism and incitement to terrorism under the relevant international and national legislation and points out the existing absence of ambiguousness or substantive divergence in defining *actus reus* and *mens rea* regarding incitement to terrorism. It carefully considers the current need for and essential limitations on criminal measures against incitement to terrorism in accordance with the principles of necessity and proportionality and particularly focuses on how to balance the protection of freedom of expression with the criminalization of incitement to terrorism. In considering how to draw a line between the two the book formulates precise requirements for objective and subjective elements of this offense in accordance with the principle of legality. Given its scope it will be of interest not only to academics human rights lawyers and practitioners but also to policymakers as it offers an extensive evaluation of the effects and counter effects of existing criminal measures. *Social Problems in Global Perspective* Ronald M. Glassman, William H. Swatos, Jr., Barbara J. Denison, 2004-11 The global high tech economy has generated a technological and scientific productive miracle. But along with the miracle has come problems. This important book provides a detailed account of some of these problems. *Conflicts and Peace - Global Perspectives* Mr. Rohit Manglik, 2024-02-18 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources. **Managing Emergencies and Crises: Global Perspectives**

Naim Kapucu, Alpaslan Özerdem, Abdul-Akeem Sadiq, 2022-03-30 As the scale frequency and intensity of crises faced by the world have dramatically increased over the last decade there is a critical need for a careful stocktaking on the knowledge of managing disasters *Managing Emergencies and Crises Global Perspectives Second Edition* clearly and comprehensively explores the most important concepts of emergency and crisis management such as mitigation protection prevention preparedness response recovery vulnerability and risk assessment and illustrates them with cases involving disasters and emergencies worldwide Substantially revised the Second Edition has been reorganized and includes two new and timely chapters on terrorism and emergency management and public health emergencies and crises It also provides an emphasis on management and leadership and cross sector governance from interdisciplinary and global perspectives Two new chapters Terrorism and Emergency Management and Public Health Emergencies and Crises Wide range of scholarly perspectives are presented to guide readers understanding of various concepts in the emergency and crisis management field Rich and diverse case studies illustrate how various stakeholders including emergency program managers respond in crisis and emergency management situation Navigate eBook Access included with the print text provides online or offline access to the digital textbook Upper level undergraduate and graduate level courses in Disaster Preparedness Preparedness Training Emergency Management Training EMT Preparedness and Emergency Response Preparedness and Planning Also appropriate for researchers practitioners and leaders involved in crisis response 2023 325 pages      **International Counterterrorism Bureaucracies in the United Nations and the European Union** Hendrik Hegemann, 2015-03-26 Since the attacks of September 11 2001 a complex web of international structures and rules for the fight against transnational terrorism has emerged However previous research disregarded the organizational basis of counterterrorism cooperation Using the example of bureaucratic actors in the United Nations and the European Union this study examines how and to what degree international counterterrorism bureaucracies exercise autonomy and perform distinct functions The book reveals the special ambivalence of counterterrorism cooperation for international bureaucracies which need to reconcile calls for effective counterterrorism with the need to maintain an impression of technical impartiality in a particularly contested policy field They respond to this challenge with different strategies of politicization and depoliticization      Law, Morality and Power: Global Perspectives on Violence and the State , 2020-04-28 This volume is a collection of the chapter presentations contributed by participants in the 4th Global Conference on Evil Law the State Issues in State Power and Violence The conference drew together a number of scholars from different backgrounds law politics philosophy religious studies literature and cinema      *Communication in Global Jihad* Jonathan Matusitz, 2020-11-25 This book conceptually examines the role of communication in global jihad from multiple perspectives The main premise is that communication is so vital to the global jihadist movement today that jihadists will use any communicative tool tactic or approach to impact or transform people and the public at large The author explores how and why the benefits of communication are a huge boon to jihadist

operations with jihadists communicating their ideological programs to develop a strong base for undertaking terrorist violence. The use of various information and communication systems and platforms by jihadists exemplifies the most recent progress in the relationship between terrorism media and the new information environment. For jihadist organizations like ISIS and Al Qaeda, recruiting new volunteers for the Caliphate who are willing to sacrifice their lives for the cause is a top priority. Based on various conceptual analyses, case studies, and theoretical applications, this book explores the communicative tools, tactics, and approaches used for this recruitment, including narratives, propaganda, mainstream media, social media, new information and communication technologies, the jihadisphere, visual imagery, media framing, globalization, financing networks, crime, jihad, nexuses, group communication, radicalization, social movements, fatwas, martyrdom, videos, pop jihad, and jihadist nasheeds. This book will be of great interest to students and scholars of communication studies, political science, terrorism, and international security, Islamic studies, and cultural studies.      Terrorism, World Under Siege S.
