Texaco And The Ten Billion Dollar Jury:

Stewart Macaulay: Selected Works David Campbell, 2020-10-30 This book represents a unique resource about Stewart Macaulay one of the common law world's leading scholars of the law of contract and of the law in action approach to the study of law Since 1959 he has published over 50 articles in leading journals a number of working papers with colleagues at the University of Wisconsin Law School a pathbreaking casebook for the teaching of the law of contract and with other colleagues equally pathbreaking collections of materials for the teaching of the law in action or law in context approach to the study of law In this work Macaulay has established himself as one of the postwar world's leading scholars of the law of contract and of the sociology of law His work is an absolute reference point in both disciplines and it has attracted great attention elsewhere most notably in economic sociology where his concept of non contractual economic relationships is regarded as an important theoretical innovation Macaulay's work has become an object of commentary in its own right and the proposed book is intended to assist further such commentary by making hitherto difficult to obtain works readily accessible Most of Macaulay's work is now when the leading journals are generally available in electronic form readily accessible to students and researchers in universities There are however a number of interesting and in most cases important works published in less accessible journals or works which were not published in an electronic form which are difficult to obtain This book will make them readily available and in so doing will make it possible in future for scholars to have Macaulay's complete oeuvre readily to hand Although Macaulay's work has provoked very considerable discussion there previously have been no overall accounts of that work as opposed to critical engagements with aspects of it In this book two additional essays by leading commentators give accounts of Macaulay's work and provide an introduction to exegesis of and general evaluation of Macaulay's work as a whole which is not to be found in the existing literature

Texaco and the \$10 Billion Jury James Shannon, 1988 Shannon was a juror in the 1984 Houston trial that awarded 10.5 billion damages to the Pennzoil Company in its lawsuit against Texaco for preempting Pennzoil's supposedly binding merger agreement with Getty Oil The verdict stunned the business world and Texaco declared bankruptcy a compromise four years later reduced the award to 3 billion With excerpts from court testimony and legal arguments between lawyers bankers and executives Shannon reconstructs the four month trial adding narrative and interpretations of his own He tells how jury room deliberations led to a consensus that Texaco had interfered intentionally and therefore illegally with Pennzoil's done deal and must pay a 3 billion penalty in addition to the 7.5 billion Pennzoil claimed to have lost by not acquiring Getty's oil reserves Major ad promo author tour June Copyright 1988 Cahners Business Information
