club member Dittany Henbit digs up clues in the cozy series from the international bestselling author The Grub and Stakers gardening club has traditionally limited its activities to serving tea and gossiping about wildflowers but when water department supervisor John Architrave is found murdered in the woods club member Dittany Henbit turns to solving mysteries After Architrave's will reveals that he bequeathed his ramshackle old house to the Grub and Stakers with instructions for it to be turned into a museum Dittany resigns herself to weeks of cleaning out the mansion and sorting through donated town artifacts The task turns interesting however the minute bodies start falling from the sky The new curator is airing out the house's attic when he takes his tumble off the roof So unlikely is it that he would fall out the tiny attic window that Dittany has no choice but to attempt to add one captured killer to the young museum's permanent collection
