Alexandra Minna Stern, Howard Markel

The H L Mencken Baby:

The H.L. Mencken Baby Book Henry Louis Mencken, Howard Markel, Frank A. Oski, 1990 Includes an account of the circumstances in which Mencken's book was written and how it launched his lifelong friendship and collaboration with its editor Theodore Dreiser The authors also offer contemporary perspectives to highlight what has and has not changed in the care of infants

H.L. Mencken S. T. Joshi, 2009-07-01 Baltimore native Henry Louis Mencken 1880-1956 was an essayist literary critic magazine editor novelist and journalist Starting as a reporter for the Baltimore Morning Herald at the turn of the century Mencken eventually became associated with the Baltimore Sun and his work for the newspaper spanned five decades In *H L Mencken An Annotated Bibliography* S T Joshi provides the most exhaustive and comprehensive bibliography of the writings of H L Mencken ever assembled It presents detailed information on his book publications from 1903 to the present with a full list of editions and reprints Most significantly it presents for the first time a comprehensive annotated listing of his magazine and newspaper work including more than 1 500 anonymous editorials for the Baltimore Sun Baltimore Evening Sun and other papers which have never been listed in any previous bibliographies a thorough index to his book reviews and a full list of interviews Mencken gave during his lifetime Word counts of nearly every item in the bibliography have been supplied and the book has been thoroughly indexed by name title and periodical Because every item has been annotated scholars and students can for the first time gain an idea of the subject matter of all Mencken's writings especially his magazine and newspaper work The indexes will allow users to locate any given item with ease The chronological arrangement of each section allows users to understand the growth and development of Mencken's work making this volume an invaluable resource

The Modernization of Fatherhood Ralph LaRossa, 1997 The period between World War I and World War II was an important time in the history of gender relations and of American fatherhood Revealing the surprising extent to which some of yesterday's fathers were involved with their children *The Modernization of Fatherhood* recounts how fatherhood was reshaped during the Machine Age into the configuration we know today LaRossa explains that during the interwar period the image of the father as economic provider pal and male role model all in one became institutionalized Using personal letters and popular magazine and newspaper sources he explores how the social and economic conditions of the Roaring Twenties and the Great Depression a period of technical innovation as well as economic hardship fused these expectations into a cultural ideal With chapters on the U S Children's Bureau the fathercraft movement the magazine industry and the development of *Parent's Magazine* and the creation of Father's Day this book is a major addition to the growing literature on masculinity and fatherhood

The Bottle, The Breast, and the State Maureen Rand Oakley, 2015-07-01 *The Bottle the Breast and the State* The Politics of Infant Feeding in the United States explores the ways in which breastfeeding is both promoted and made difficult in the United States It also examines how the use of formula is often shamed yet encouraged by many standard medical and government practices Using both qualitative and quantitative

methods it explores the politics policies and individual experiences surrounding infant feeding Oakley shows that a failure to separate the issue of breastfeeding rights and support from problematic approaches to breastfeeding advocacy in both academic scholarship and public discourse has led to a deadlock that prevents groups from working together in support of breastfeeding without shaming Drawing on a feminist ethic of care Oakley develops a caring infant feeding advocacy This approach values the caring work done by parents and recognizes the benefits of this work for society It promotes policies supportive of parenting in general and breastfeeding in particular in order to remove barriers that present a challenge to some women who wish to breastfeed Caring infant feeding advocacy also works to promote the development of better alternatives for those who do not breastfeed *Formative Years* Alexandra Minna Stern, Howard Markel, 2009-12-18 Sheds light on the development of the fields of pediatrics and child health during the last century The Kelloggs Howard Markel, 2018-07-10 2017 National Book Critics Circle Award Finalist for Nonfiction What's more American than Corn Flakes Bing Crosby From the much admired medical historian Markel shows just how compelling the medical history can be Andrea Barrett and author of *An Anatomy of Addiction* Absorbing vivid Sherwin Nuland The New York Times Book Review front page the story of America's empire builders John and Will Kellogg John Harvey Kellogg was one of America's most beloved physicians a best selling author lecturer and health magazine publisher founder of the Battle Creek Sanitarium and patron saint of the pursuit of wellness His youngest brother Will was the founder of the Battle Creek Toasted Corn Flake Company which revolutionized the mass production of food and what we eat for breakfast In *The Kelloggs* Howard Markel tells the sweeping saga of these two extraordinary men whose lifelong competition and enmity toward one another changed America's notion of health and wellness from the mid nineteenth to the mid twentieth centuries and who helped change the course of American medicine nutrition wellness and diet The Kelloggs were of Puritan stock a family that came to the shores of New England in the mid seventeenth century that became one of the biggest in the county and then renounced it all for the religious calling of Ellen Harmon White a self proclaimed prophetess and James White whose new Seventh day Adventist theology was based on Christian principles and sound body mind and hygiene rules Ellen called it health reform The Whites groomed the young John Kellogg for a central role in the Seventh day Adventist Church and sent him to America's finest Medical College Kellogg's main medical focus and America's number one malady indigestion Walt Whitman described it as the great American evil Markel gives us the life and times of the Kellogg brothers of Battle Creek Dr John Harvey Kellogg and his world famous Battle Creek Sanitarium medical center spa and grand hotel attracted thousands actively pursuing health and well being Among the guests Mary Todd Lincoln Amelia Earhart Booker T Washington Johnny Weissmuller Dale Carnegie Sojourner Truth Henry Ford John D Rockefeller Jr and George Bernard Shaw And the presidents he advised Taft Harding Hoover and Roosevelt with first lady Eleanor The brothers Kellogg experimented on malt wheat and corn meal and tinkering with special ovens and toasting devices came up with a ready to eat easily digested cereal they called Corn Flakes As Markel

chronicles the Kelloggs fascinating Magnificent Ambersons like ascent into the pantheon of American industrialists we see the vast changes in American social mores that took shape in diet health medicine philanthropy and food manufacturing during seven decades changing the lives of millions and helping to shape our industrial age *What You Ought to Know about Your Baby* Leonard Keene Hirshberg, H L 1880-1956 Mencken, 2015-08-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Secret of Life* Howard Markel, 2021-09-21 An NPR Best Book of the Year An authoritative history of the race to unravel DNA s structure by one of our most prominent medical historians James Watson and Francis Crick s 1953 discovery of the double helix structure of DNA is the foundation of virtually every advance in our modern understanding of genetics and molecular biology But how did Watson and Crick do it and why were they the ones who succeeded In truth the discovery of DNA s structure is the story of five towering minds in pursuit of the advancement of science and for almost all of them the prospect of fame and immortality Watson Crick Rosalind Franklin Maurice Wilkins and Linus Pauling Each was fascinating and brilliant with strong personalities that often clashed Howard Markel skillfully re creates the intense intellectual journey and fraught personal relationships that ultimately led to a spectacular breakthrough But it is Rosalind Franklin fiercely determined relentless and an outsider at Cambridge and the University of London in the 1950s as the lone Jewish woman among young male scientists who becomes a focal point for Markel *The Secret of Life* is a story of genius and perseverance but also a saga of cronyism misogyny anti Semitism and misconduct Drawing on voluminous archival research including interviews with James Watson and with Franklin s sister Jenifer Glynn Markel provides a fascinating look at how science is done how reputations are undone and how history is written and revised A vibrant evocation of Cambridge in the 1950s Markel also provides colorful depictions of Watson and Crick their competitiveness idiosyncrasies and youthful immaturity and compelling portraits of Wilkins Pauling and most cogently Rosalind Franklin *The Secret of Life* is a lively and sweeping narrative of this landmark discovery one that finally gives the woman at the center of this drama her due **Origin Story** Howard Markel, 2024-06-11 An Economist Best Book of 2024 A lively account of how Darwin s work on natural selection transformed science and society and an investigation into the

mysterious illness that plagued its author By early morning of June 30 1860 a large crowd began to congregate in front of Oxford University s brand new Museum of Natural History The occasion was the annual meeting of the British Association for the Advancement of Science and the subject of discussion was Charles Darwin s new treatise fact or fiction Darwin a simultaneously reclusive and intellectually audacious squire from Kent claimed to have solved that mystery of mysteries introducing a logical explanation of the origin of species how they adapted even transmogrified through natural selection At stake on that summer s day of spirited debate was the very foundation of modern biology not to mention the future of the church Without fear of exaggeration Darwin s thesis would forever change our understanding of the life sciences and the natural world And yet the author himself was nowhere to be found in the debate hall instead he was miles away seeking respite from a spate of illnesses that had plagued him for much of his adult life In *Origin Story* medical historian Howard Markel recounts the two year period 1858 to 1860 of Darwin s writing of *On the Origin of Species* through its spectacular success and controversy Simultaneously Markel delves into the mysterious health symptoms Darwin developed combing the literature to emerge with a cogent diagnosis of a case that has long fascinated medical historians The result is a colorful portrait of the man his friends and enemies and his seminal work which resonates to this day [A Devil and a Good Woman](#)
[Too](#) Susan Millar Williams,2008-10-01 The first full scale biography of the South Carolina writer and winner of the Pulitzer Prize follows her pioneering work as a chronicler of the collapse of Southern plantation life and its effect on African Americans UP
