Congress. House. Committee on Ways and Means,1942 **The House of the Misty Star** Frances Little,1915 **Love in America** Lawrence R. Samuel,2019-11-22 Widely considered the most complex of human emotions romantic love both shapes and reflects core societal values its expression offering a window into the cultural zeitgeist In popular culture romantic love has long been a mainstay of film television and music The gap between fictitious narratives of love and real life ones is however usually wide American s expectations of romance and affection often transcend reality Tracing the history of love in American culture this book offers insight into both the national character and emotional nature *Hearings* United States. Congress. House. Committee on Ways and Means,1942 *The Wizard of London* Mercedes Lackey,2025-09-23 The fourth novel in Mercedes Lackey s magical Elemental Masters series reimagines the fairy tale The Snow Queen in a richly detailed alternate Victorian England The letter that introduced twelve year old Sarah Jane Lyon White to Isabelle Harton who ran the Harton School in central London seemed quite simple and straightforward But it was what was not written in the letter that resonated to Isabelle s own finely tuned extra senses Sarah has gifts we cannot train the letter whispered to her nor can anyone we know Those we trust tell us that you can And it was true for the Harton School was far from ordinary It was Isabelle s job to train children who possessed the odd types of magic that could not be trained by London s powerful Elemental Masters clairvoyants telepaths those with the ability to sense hidden danger the vision to see into the past and even that rarest of all talents the ability to see and communicate with the dead But Isabelle was uneasy for though she knew that Sarah Jane had a touch of telepathy there seemed to be something else about the girl something that had not yet manifested And Isabelle was right to be worried for as soon as Sarah s full talents became evident there was an attempt made on her life For Sarah was that rarest of magicians a true medium and for some reason a powerful Elemental Master wanted her dead Isabelle knew that to protect her ward she would have to seek help from the Elemental Masters of the city That meant she would also see Lord David Alderscroft the man she had once loved but who had inexplicably chilled toward her and broken her heart long ago for he was the leader of the city s Elemental Masters the man who was now called the Wizard of London **The House of the Misty Star** Frances Little,2023-08-22 Frances Little s *The House of the Misty Star* is a compelling novel that combines elements of romance and mystery set against the backdrop of a grand estate in the English countryside Little s literary style is characterized by vivid descriptions and intricate character development keeping readers engaged from start to finish The book s exploration of family secrets and hidden pasts adds depth to the narrative making it a standout piece in the romantic fiction genre of the early 20th century Little s ability to weave together suspense and romance showcases her talent as a storyteller appealing to readers who enjoy a blend of genres in their reading

experience The House of the Misty Star is a captivating novel that offers both entertainment and thought provoking themes for readers to reflect upon making it a worthwhile addition to any literary enthusiast s collection *Hearings* United States. Congress. House,1942 Black Patience Julius B. Fleming Jr.,2022-03-29 This book argues that since transatlantic slavery patience has been used as a tool of anti Black violence and political exclusion but shows how during the Civil Rights Movement Black artists and activists used theatre to demand freedom now staging a radical challenge to this deferral of Black freedom and citizenship *Little 'Red Scares'* Robert Justin Goldstein,2016-05-13 Anti communism has long been a potent force in American politics capable of gripping both government and popular attention Nowhere is this more evident than the two great red scares of 1919 20 and 1946 54 the latter generally if somewhat inaccurately termed McCarthyism The interlude between these two major scares has tended to garner less attention but as this volume makes clear the lingering effects of 1919 20 and the gathering storm clouds of McCarthyism were clearly visible throughout the 20s and 30s even if in a more low key way Indeed the period between the two great red scares was marked by frequent instances of political repression often justified on anti communist grounds at local state and federal levels Yet these events have been curiously neglected in the history of American political repression and anti communism perhaps because much of the material deals with events scattered in time and space which never reached the intensity of the two great scares By focusing on this twenty five year interim period the essays in this collection bridge the gap between the two high profile red scares thus offering a much more contextualised and fluid narrative for American anti communism In so doing the rationale and motivations for the red scares can be seen as part of an evolving political landscape rather than as isolated bouts of hysteria exploding onto and then vanishing from the political scene Instead a much more nuanced appreciation of the conflicting interests and fears of government politicians organised labour free speech advocates employers and the press is offered which will be of interest to anyone wishing to better understand the political history of modern America
