Chmelka, 2002-11-19 Matej's Journey to America is a creative nonfiction chronicle exploring the forces that drove our immigrant ancestors to new lands After Adam and Eve's eviction from Eden man slowly scattered with a great dispersion occurring about 2700 BC as the Lord confounded the tongues of presumptuous Babylonians building a tower to heaven Among the afflicted was an Aryan slave named Chmelka who was growing hops chmel in the new Slavic language to flavor beer for his Semitic masters As the Slavs fled northward toward unknown Czech lands other tribes migrated in all directions According to The Book of Mormon the righteous Jared took a Semitic clan from Babel across the mountains deserts and oceans to a New World later named America Another Semitic clan that passed through Babylon 850 years later included a young Abraham destined to be the patriarch of Judaism Christianity and Islam He introduced the concept of a single God revered by all his religious descendants but despite their many commonalties each of these three great religions seem convinced it has the only correct formula for salvation justifying incredible atrocities with God always on its side The descendants of the first Chmelka struggled as great civilizations developed and fell through the turmoil and bloodshed of the Dark Ages Marco Polo awakened Europe in the late 13th century to the riches of the Far East giving rise to explorers like Christopher Columbus who stumbled onto the North American Continent in 1492 The Protestant Reformation began to divide the Holy Roman Empire at the time adding to the bloodshed as Austria Prussia and France fought for domination in Europe Meanwhile Spain England and France were colonizing and competing for control in the New World that was becoming home to an increasing number of European emigrants looking for a better life The American Colonies fought for independence and then began to absorb all lands from the Atlantic to the Pacific Thomas Jefferson purchased the immense Louisiana Territory from Napoleon in 1803 after which mountain men opened the West to homesteaders miners and ranchers My great great grandfather Matej was born as the Rocky Mountain fur trade boomed in 1825 and grew up on a 13 acre farm in Moravia where the Chmelkas had been serfs since Charlemagne was crowned the first Holy Roman Emperor a millennium earlier Matej became a Dragoon in the Austrian Imperial Army and helped put down a revolution in Prague in 1848 the year gold was discovered in California but war spread and life worsened for European peasants Gold homesteads and wild Texas longhorns free for the taking lured thousands of oppressed Europeans to America on steamships and railroads now making long distance travel feasible After Prussia defeated the Austrian Empire including Bohemia and Moravia and then France Matej's family escaped its misery and immigrated to Nebraska in 1871 They found a difficult life with grasshoppers drought hail and fires destroying crops spurring Matej's fourteen year old son to join a Texas cattle drive and then dodge Indians and gunfighters for fourteen years in the Wild West New technologies in farm equipment transportation and communications

made America the envy of the world in 1902 when Matej died and was buried near the prairie church he helped build Matej's Journey to America honors him and his fellow immigrants ordinary men and women generally lost in history for the legacies and opportunities they gave us in our great land of freedom *Chief Red Cloud, 1822-1909* Judy Monroe, 2004 A biography of Chief Red Cloud the Lakota leader who successfully forced the United States Army to close the Bozeman Trail which crossed ancestral lands and endangered hunting grounds and sacred sites Includes instructions for making an animal sign and a recipe for Sioux Indian Pudding

Bloodshed at Little Bighorn Tim Lehman, 2010-05-17 A brief history of the Battle of Little Bighorn the deadly clash between U S soldiers and Native American forces in 1876 Commonly known as Custer's Last Stand the Battle of Little Bighorn may be the best recognized violent conflict between the indigenous peoples of North America and the government of the United States Incorporating the voices of Native Americans soldiers scouts and women Tim Lehman's concise compelling narrative will forever change the way we think about this familiar event in American history On June 25 1876 General George Armstrong Custer led the U S Army's Seventh Cavalry in an attack on a massive encampment of Sioux and Cheyenne Indians on the bank of the Little Bighorn River What was supposed to be a large scale military operation to force U S sovereignty over the tribes instead turned into a quick brutal rout of the attackers when Custer's troops fell upon the Indians ahead of the main infantry force By the end of the fight the Sioux and Cheyenne had killed Custer and 210 of his men The victory fueled hopes of freedom and encouraged

further resistance among the Native Americans For the U S military the lost battle prompted a series of vicious retaliatory strikes that ultimately forced the Sioux and Cheyenne into submission and the long nightmare of reservation life Grounded in the most recent research attentive to Native American perspectives and featuring a colorful cast of characters this account elucidates the key lessons of the conflict and draws out the less visible ones This may not be the last book you read on Little Bighorn but it should be the first
