anthropology and early modern history Her literary style is both rigorous and accessible drawing on a wide array of primary sources to create a compelling narrative that challenges the dominant narratives of witch hunts and societal repression of the era Margaret Murray a pioneering British archaeologist and anthropologist influenced the field of witchcraft studies significantly through her role as a scholar and as a member of the feminist movement Her comprehensive research into ancient religious practices and rituals was significantly motivated by a desire to uncover and restore women s roles within societal structures often relegated to obscurity Her background in the study of ancient civilizations and folklore informed her perspective and methodology in crafting this groundbreaking work This book is highly recommended for readers interested in the historical dynamics of gender religion and folklore Murray s compelling argument for an organized witch cult invites readers to reconsider preconceived notions of witchcraft in Western Europe making it an essential text for anyone exploring the complexities of cultural history and the evolution of societal norms

Alliterative Revivals Christine Chism,2013-05-29 Alliterative Revivals is the first full length study of the sophisticated historical consciousness of late medieval alliterative romance Drawing from historicism feminism performance studies and postcolonial theory Christine Chism argues that these poems animate British history by reviving and acknowledging potentially threatening figures from the medieval past pagan judges primeval giants Greek knights Jewish forefathers Egyptian sorcerers and dead ancestors In addressing the ways alliterative poems centralize history the dangerous but profitable commerce of the present with the past Chism s book shifts the emphasis from the philological questions that have preoccupied studies of alliterative romance and offers a new argument about the uses of alliterative poetry how it appealed to its original producers and audiences and why it deserves attention now Alliterative Revivals examines eight poems St Erkenwald Sir Gawain and the Green Knight The Wars of Alexander The Siege of Jerusalem the alliterative Morte Arthure De Tribus Regibus Mortuis The Awntyrs off Arthure and Somer Sunday Chism both historicizes these texts and argues that they are themselves obsessed with history dramatizing encounters between the ancient past and the medieval present as a way for fourteenth century contemporaries to examine and rethink a range of ideologies These poems project contemporary conflicts into vivid vast and spectacular historical theaters in order to reimagine the complex relations between monarchy and nobility ecclesiastical authority and lay piety courtly and provincial culture western Christendom and its easterly others and the living and their dead progenitors In this alliterative romance joins hands with other late fourteenth century literary texts that make trouble at the borders of aristocratic culture
