

Bee-eaters (bird study)

- love the vibrancy of the colors, really like the blue and yellow
- did the painting look too good? I think so
- love the way the wings look, especially the blue and yellow
- maybe a little more detailed around the head, but I think it's good

the only reason I did the black back was because I thought it would look better

- maybe should have used black for the body, but I think it's good
- the way the wings look, especially the blue and yellow
- maybe a little more detailed around the head, but I think it's good

- love the colors of the feathers, especially the blue and yellow
- the third one also looks good, but I think it's a bit more detailed
- maybe love the way the wings look, especially the blue and yellow
- in your old you can give it...

- maybe but I think it's good
- love the colors of the feathers, especially the blue and yellow
- the third one also looks good, but I think it's a bit more detailed
- maybe love the way the wings look, especially the blue and yellow
