Slumber Party:

Slumber Party! Judith Caseley, 1996 Jacques Derrida is undoubtedly one of the foremost figures in the development of twentieth century literary theory. The school of deconstruction that has grown out of his work has been either absorbed into the corpus of modern literary theory or criticized for its departures from the original texts of Derrida in whose name it is practised. Timothy Clark's innovative book traces instead sources of Derrida's practice of literature as a form of philosophical thinking in the work of Heidegger and Blanchot. It offers a welcome stylistic clarity in a field beleaguered by its philosophical and linguistic difficulty. Clark gives close readings of key texts including Heidegger's *Conversation on a Country Path*, Blanchot's *L'attente l'oubli* and Derrida's *Pas and Signs*. *Sponge* and widens the scope of his discussion of philosophical cultivation of literary forms to include in addition the issues of creativity, influence and responsibility as they appear in the work of Lyotard and Levinas.
