Slums as Urban Villages Rajesh Gill, 1994 Comparative analysis of slums in terms of socio economic characteristics rural urban linkages integration with urban community a case study of Bombay and Chand garh **Suburb, Slum, Urban Village** Carolyn Whitzman, 2010-01-03 Suburb Slum Urban Village examines the relationship between image and reality for one city neighbourhood Toronto s Parkdale Carolyn Whitzman tracks Parkdale s story across three eras its early decades as a politically independent suburb of the industrial city its half century of ostensible decline toward becoming a slum and a post industrial period of transformation into a revitalized urban village This book also shows how Parkdale s image influenced planning policy for the neighbourhood even when the prevailing image of Parkdale had little to do with the actual social conditions there Whitzman demonstrates that this misunderstanding of social conditions had discriminatory effects For example even while Parkdale s reputation as a gentrified area grew in the post sixties era the overall health and income of the neighbourhood s residents was in fact decreasing and the area attracted media coverage as a dumping ground for psychiatric outpatients Parkdale s changing image thus stood in stark contrast to its real social conditions Nevertheless this image became a self fulfilling prophecy as it contributed to increasingly skewed planning practices for Parkdale in the late twentieth century This rich and detailed history of a neighbourhood s actual conditions imaginary connotations and planning policies will appeal to scholars and students in urban studies planning and geography as well as to general readers interested in Toronto and Parkdale s urban history **China's Reform and New Urbanization** Yining Li, Zhiqiang Cheng, 2021-11-09 This book presents a study of China s new urbanization which is one of the country s major economic issues and embodies the characteristics of its economic development Professor Yining Li proposed the framework and wrote the first article Under Li s guidance other articles were written by researchers at the Guanghua School of Management Peking University In the central government development plan urbanization is the main force stimulating domestic demand And after more than 10 years of high speed urbanization process the change from simple urbanization to the new urbanization is an inevitable development direction This book covers many crucial urbanization topics that directly affect China s reform
