Small Comforts

Small Comforts:

Give Linda Harper, Ph.D. ,2013-03-13 Daily life continually asks us to make choices about how to give whether it is our attention time energy talents love or even money to others and to ourselves Often we juggle our attempts to meet our own needs and the demands of others So the decisions we make about what when and how much to give strongly impact the quality of our everyday lives These choices can cause us stress turmoil guilt exhaustion and depletion or they can bring us immeasurable joy peace of mind and fulfillment So what is the key to giving that energizes and fulfills us rather than exhausts and depletes us Linda R Harper s simple five step guide will help you rediscover the joy in everyday giving using one question What are my heart s true desires at this very moment Give is not about giving more or giving less It is about giving from your deepest self and trusting the natural wisdom of your heart s desires As you become the giver you were meant to be you will deepen the meaning of your life through soulful ordinary acts of giving both to yourself and to others
