Smoldering Ashes Cuzco And The Creation Of Republican Peru 1780 1840 Latin America Otherwise:

Smoldering Ashes Charles F. Walker, 1999-04-05 In *Smoldering Ashes* Charles F Walker interprets the end of Spanish domination in Peru and that country's shaky transition to an autonomous republican state Placing the indigenous population at the center of his analysis Walker shows how the Indian peasants played a crucial and previously unacknowledged role in the battle against colonialism and in the political clashes of the early republican period With its focus on Cuzco the former capital of the Inca Empire *Smoldering Ashes* highlights the promises and frustrations of a critical period whose long shadow remains cast on modern Peru Peru's Indian majority and non Indian elite were both opposed to Spanish rule and both groups participated in uprisings during the late colonial period But at the same time seething tensions between the two groups were evident and non Indians feared a mass uprising As Walker shows this internal conflict shaped the many struggles to come including the Tupac Amaru uprising and other Indian based rebellions the long War of Independence the caudillo civil wars and the Peru Bolivian Confederation *Smoldering Ashes* not only reinterprets these conflicts but also examines the debates that took place in the courts in the press in taverns and even during public festivities over the place of Indians in the republic In clear and elegant prose Walker explores why the fate of the indigenous population despite its participation in decades of anticolonial battles was little improved by republican rule as Indians were denied citizenship in the new nation an unhappy legacy with which Peru still grapples Informed by the notion of political culture and grounded in Walker's archival research and knowledge of Peruvian and Latin American history *Smoldering Ashes* will be essential reading for experts in Andean history as well as scholars and students in the fields of nationalism peasant and Native American studies colonialism and postcolonialism and state formation
