Urban Smuggler Andrew Pritchard,Norman Parker,2011-03-04 Urban Smuggler chronicles the rollicking life story of one of the most prolific smugglers of our time After leaving school at 14 Andrew Pritchard started out selling weed at house parties before moving on to run some of the biggest warehouse raves of the acid house era The money began to roll in but with it came trouble and when someone was murdered at one of his parties he was forced to go on the run to Jamaica It was there that Pritchard learned the tricks of the smuggling trade and with corrupt UK Customs officers in his pocket it seemed that nothing could go wrong But then someone in his network used his supply chain to start shifting industrial amounts of cocaine When he went to meet a shipment of counterfeit cigars he was seized by a Customs task force and arrested when the goods turned out to be half a ton of premium grade cocaine Following two controversial trials Pritchard was acquitted after eighteen months on remand In Urban Smuggler he reveals just how easy it can be to import shiploads of contraband into the UK and exposes the corruption within the law enforcement agencies tasked to tackle this kind of crime Here then is the inside story of how to become an urban smuggler

The Life of a Smuggler Helen Hollick,2019-04-30 Perfect for maritime historians and fans of Poldark a look at the true history behind the legends built around smugglers Brandy for the parson baccy for the clerk We have an image mostly from movies and novels of a tall ship riding gently at anchor in a moonlit secluded bay with the Gentleman cheerfully hauling kegs of brandy and tobacco ashore then disappearing silently into the night shadows to hide their contraband from the excise men in a dark cave or a secret cellar But how much of the popular idea is fact and how much is fiction Smuggling was big business it still is but who were these

derring do rebels of the past who went against paying taxes on the importation of luxury goods Who purchased the illicit contraband How did smugglers operate Where were the most notorious locations Was it profitable or just an inevitable path to arrest and the hangman's noose Author Helen Hollick attempts to answer these queries and more The MARIJUANA SMUGGLER'S GUIDE Larry David,2017-07-30 The MARIJUANA SMUGGLER S GUIDE by Larry David Sr A Word to a Smuggler John Wesley,1793

Smuggler Nation Peter Andreas,2013-01-16 America is a smuggler nation Our long history of illicit imports has ranged

from West Indies molasses and Dutch gunpowder in the 18th century to British industrial technologies and African slaves in the 19th century to French condoms and Canadian booze in the early 20th century to Mexican workers and Colombian cocaine in the modern era Contraband capitalism it turns out has been an integral part of American capitalism Providing a sweeping narrative history from colonial times to the present Smuggler Nation is the first book to retell the story of America and of its engagement with its neighbors and the rest of the world as a series of highly contentious battles over clandestine commerce As Peter Andreas demonstrates in this provocative and fascinating account smuggling has played a pivotal and too often overlooked role in America s birth westward expansion and economic development while anti smuggling campaigns have dramatically enhanced the federal government s policing powers The great irony Andreas tells us is that a country that was born and grew up through smuggling is today the world s leading anti smuggling crusader In tracing America s long and often tortuous relationship with the murky underworld of smuggling Andreas provides a much needed antidote to today s hyperbolic depictions of out of control borders and growing global crime threats Urgent calls by politicians and pundits to regain control of the nation s borders suffer from a severe case of historical amnesia nostalgic implying that they were ever actually under control This is pure mythology says Andreas For better and for worse America s borders have always been highly porous Far from being a new and unprecedented danger to America the illicit underside of globalization is actually an old American tradition As Andreas shows it goes back not just decades but centuries And its impact has been decidedly double edged not only subverting U S laws but also helping to fuel America s evolution from a remote British colony to the world s pre eminent superpower
