*Language of Leadership* James C. Humes,1991      **Speechwriting in Perspective** Thomas H. Neale,Jean M. Bowers,2003 Writing for the spoken word is a special discipline it requires that speechwriters products be written primarily although not exclusively to be heard not read Speeches are better cast in simple direct and often short sentences that can be easily understood by listeners Rhetorical devices such as repetition variation cadence and balance are available to and should be used by the speechwriter It is important for speechwriters to analyse audiences according to factors such as age gender

culture profession and income level size of audience political affiliation if any and on the occasion for or purpose of the speech Most effective speeches do not exceed 20 minutes in length After researching a topic speechwriters must prepare an outline from which the speech will be developed They should strive to maintain a clear theme throughout the speech Most speeches will have a three part structure consisting of an introduction a body and a conclusion The accepted style of contemporary American public address is natural direct low key casual and conversational This puts the listeners at ease and promotes a sense of community between the audience and speaker Punctuation should reflect the sound structure of the speech reinforcing the rhythm and pace of actual speech Clarity of expression is as important a consideration in speech grammar as rigid adherence to the rules for written law This book presents the essentials of speechwriting Preface Speechwriting in Perspective A Brief Guide to Effective and Persuasive Communication Thomas H Neale Public Speaking and Speechwriting Selected References Jean M Bowers Index *Power in the Pulpit* Jerry Vines, James L. A final chapter addresses practices that can cloud the experience of mystery during liturgical celebrations and thus inhibit rather than enhance the power of the rite.

**How to Preach the Prophets for All Their Worth** Andrew G. M. Hamilton, 2022-05-24 The Old Testament prophetic books play a key role in revealing God's plan of salvation. They occupy a significant portion of the biblical canon, similar in size to the entire New Testament. Yet most believers stay clear of this part of Scripture. They avoid traveling through this forest of oracles and visions. Many preachers also struggle to navigate this unfamiliar territory. Preachers feel much more at

ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books The church however needs to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God's people enjoy the scenery of this part of God's word
