Jamaica Tim Barringer, Wayne Modest, 2018-04-19 Victorian Jamaica explores the extraordinary surviving archive of visual representation and material objects to provide a comprehensive account of Jamaican society during Queen Victoria's reign over the British Empire from 1837 to 1901. In their analyses of material ranging from photographs of plantation laborers and landscape paintings to cricket team photographs, furniture and architecture, as well as a wide range of texts, the contributors trace the relationship between black Jamaicans and colonial institutions, contextualize race within ritual and performance, and outline how material and visual culture helped shape the complex politics of colonial society. By narrating Victorian history from a Caribbean perspective, this richly illustrated volume featuring 270 full-color images offers a complex and nuanced portrait of Jamaica that expands our understanding of the wider history of the British Empire and Atlantic world during this period. Contributors: Anna Arabindan Kesson, Tim Barringer, Anthony Bogues, David Boxer, Patrick Bryan, Steeve O. Buckridge, Julian Cresser, John M. The International Genealogical Directory, 1910. Pirates of the Americas David F. Marley, 2010-02-09 This book offers true stories of bloodthirsty pirates and the courageous men trying to stop them during the Western Hemisphere's golden age of piracy in the 17th and 18th centuries. The real world of piracy is brought vividly to life in this authoritative and entertaining new two-volume reference. Incorporating a wealth of new research, *Pirates of the Americas* offers hundreds of entries on the most famous and infamous buccaneers of the 1600s and 1700s, separating fact from fancy as it describes the men, their exploits, and the era in which they prowled the seas of North and Central America. *Pirates of the Americas* begins in the mid to late 17th-century Caribbean, the earliest cradle of piracy in the New World, with detailed coverage of Dutch and French corsairs, English rovers such as Henry Morgan, and the Spaniards who fought against them all. The second volume marks the retreat of piracy into new hunting grounds, the Pacific and Red Sea, from the 1690s to the early 18th century, ending with the final pursuit into extinction in North America of last-gasp renegades such as William Kidd, Bartholomew Roberts, and Blackbeard. The Pedigree Register George Frederick Tudor Sherwood, 1910. Jamaica, the Land of Streams and Woods Jamaica Tourist Association, 1912. *The Early English Caribbean, 1570-1700 Vol 3* Carla Gardina Pestana, Sharon V. Salinger, 2021-12-16 This four-volume collection brings together rare pamphlets from the formative years of the English involvement in the Caribbean. Texts presented in the volumes cover the first impressions of the region, imperial rivalries between European traders and settlers, and the experience of day-to-day life in the colonies. Volume 3: Living in the Caribbean.

Once settlements were firmly established articles began to appear promoting the way of life to those back at home Numerous texts advertised the climate the crops and the social life and the recruitment of settlers generated a literature offering land liberty and other benefits to those who migrated Recruiting labour on the islands presented a particular problem A transatlantic trade in servants was developed initially and some groups including Quakers and those convicted after the Monmouth Rebellion were coerced into settling but in the end the colonists came to rely on slavery Sources document the growing involvement of English traders in the sale of enslaved Africans as well as the development of laws and the administration of justice on the islands **Monthly Bulletin** St. Louis Public Library,1927 Teachers bulletin vol 4 issued as part of v 23 no 9 *Genealogical Material and Local Histories in the St. Louis Public Library* St. Louis Public Library,1927
