

Bee-eaters (bird study)

- love the vibrancy of the colors, really like the blue and yellow
- did the painting look too good? I think so
- love the way the wings look, especially the blue and yellow
- maybe a little more detailed around the head, but I think it's good

the only reason I did the black back was because I thought it would look better

- maybe should have used black for the body, but I think it's good
- the way the wings look, especially the blue and yellow
- maybe a little more detailed around the head, but I think it's good

love the colors of the first, the second one and every the third one, also very like the master one, want to keep on working to make the one more of the same, but you can give it...

- more but the last one is better
- but that's a little more like the master one, but I think it's good

kindly a favorite one study
