

A movie poster for the film 'Sisters in Arms'. The top half features a close-up of two Black women in military uniforms. The woman on the left is in profile, looking down, while the woman on the right looks forward with a determined expression. They are wearing olive green berets and collared uniforms with green buttons. The background is a blue sky with several military aircraft flying. The bottom half of the poster is a large, aged, yellowish-brown envelope with a red and blue striped flap. The title 'Sisters in Arms' is written in a large, red, cursive font across the envelope. A circular postmark with the word 'PARIS' is visible on the right side of the envelope, and some faint, illegible text is on the left.

A. Wright, Christina R. Pinkston, 2022-01-28 Building on various feminist theories of ethos the authors in this collection explore how North American Catholic women from various periods races

ethnicities sexualities and classes have used elements of the group's positionality to make change. The women considered in the book range from the earliest Catholic sisters who arrived in the United States to women who held the Church hierarchy accountable for the sexual abuse scandals. The book analyzes women such as those in an African American order who developed an ethos that would resist racism. Chapters also consider better known Catholic women such as Dolores Huertas, Mary Daly and Joan Chittister.

Sisters in Arms Erica Ruppert, 2021-07-23 Michelle de la Fortuna's research brought her back to the lonely Massachusetts coast and to the house of the reclusive Sisters of Providence. For more than sixty years the Sisters have stood watch here first against the terrible pandemic that devastated their town and then against a more insidious threat from the depths of the sea. Drawn into the mystery by the last remaining member of the Sisterhood, Michelle begins to unravel the connections between the legends, the Sisters and her own family history. Generational horror with a great Occult Seventies feel. Erica Ruppert weaves the sea myth and isolation into a novella rich with creepy atmosphere and deft characterization. Recommended. Scott R. Jones, author of *Stonefish* and *Shout Kill Revel Repeat*. At its core, this is a story about family lore, ghosts and the old haunting absence caused by an untimely death. The narrative from there is adorned with a woman out to solve the mystery of her own ancestry, a town hollowed out by a pandemic in the early 1900s and monsters from the sea. Ruppert manages to give readers a story that while similar to all the trappings of *Innsmouth* feels new and distinct. *Sisters in Arms* is a reminder of how long death sits with the living, how the past always seems to catch up when we suspect it the least and of how powerless we are against it. S. L. Edwards, author of *The Death of an Author*.

Sisters in Arms Nicola Tyrer, 2009 The amazing experiences of the Queen Alexandra nurses during World War II form one of the greatest adventure stories of modern times yet until now they've remained largely untold. Thousands of middle class girls, barely out of school, were plucked from sheltered backgrounds, subjected to unimaginably tough training regimes and sent out to experience the harshest conditions of the fighting services. Over 400 nurses died, torpedoed in hospital ships bombed in field hospitals or murdered in Japanese prison camps. Dozens won medals for gallantry. From the beaches of Dunkirk to Singapore and D Day, they saw it all. This is their story.

Sisters In Arms Andrea McKie, 2020-03-23 There is always a story worth telling or remembering just as there is always a story that changed the life of the woman embedded in it. We are these women with voices that no longer welcome silence as a coat of protection; we are these women speaking without the request for permission; we speak our stories out loud. If ever you have known great pain, then you have also known great joy. It is impossible to completely celebrate or mourn what experience has never taught. We are Sisters in Arms and these words, written like simple words on a page, are our undressing. Our words reflect who we are individually and what we have become collectively. To share our stories is to reach out to you and have you reach back, knowing we have connected, empowered and changed. The best of who we are will always be the best we see in each other. These are our sister's stories. My Sister, Your Sister.

and the UK were briefly given the unprecedented opportunity to fly military aircraft Yet the story of these pioneer women pilots is made even more intriguing by the fact that despite many notable similarities in the utilization and organization of the women in their respective countries they experienced radically different fates Throughout the war the contribution of the women of the British ATA to the war effort was recognized and praised both from official quarters and in the press By contrast the American WASPs were first glamorized and made into Hollywood stars and then subjected to a slander campaign What accounts for this dramatic difference in the treatment of women pilots doing essentially the same job This book seeks to answer these questions The women who participated in the ATA and WASP have been allowed to speak for themselves The story these women have to tell is exciting and intriguing
