Six Painters:

Six Painters ,1983 *Six Painters* ,1998 December 5 1998 January 16 1999 Marlborough Chelsea **Evaluations of Sung Dynasty Painters of Renown** Charles Lachman,2023-08-14 Scholarly translations of Chinese historical texts and critical studies on specific issues in the arts literature and social cultural religious and political history of ancient and modern China **The Society of Six** Nancy Boas,1997 The Oakland Six may constitute the most important modernist development that occurred in this country during the 1920s William H Gerdts author of *American Impressionism* *Six Painters and the Object* Lawrence Alloway,1970 *American Artists in Postwar Rome* Peter Benson Miller,2025-01-09 Drawing on unpublished archival sources this book reconstitutes the experiences of a wide range of American artists critics and writers working in Rome in a charged environment of Cold War cosmopolitanism After the Second World War American artists flocked to Rome in record numbers even as the United States shored up Italy as a bulwark against the spread of Communism While the market for modern art in Rome was less vigorous as those in Paris and New York numerous galleries artist run spaces and other institutions acted as important catalysts making Rome an international artistic hub The city attracted now canonical figures Lee Bontecou Philip Guston Robert Rauschenberg Paul Thek and Cy Twombly along with less well known artists such as Eugene Berman Gene Charlton Carlyle Brown Peter Chinni William Congdon Claire Falkenstein Marcia Hafif John Heliker James Leong Beverly Pepper and Laura Ziegler among many others Rather than focusing on institutions and diplomatic relationships the book centres the experience of artists and also addresses Rome s gay subculture and the role of female artists during the period eschewing traditional narratives of the male cultural ambassador Through case study based investigation Peter Benson Miller explores the reciprocal relationships between American modernist artists and Italian artists in postwar Rome and reveals how these artists perceived Rome as less constrained by the demands of a national school and as an alternative to New York This congenial creative atmosphere yielded new pictorial forms developed in tandem with or absorbed from like minded Italian artists engaging the city and its multiple layers of history from antiquity to the profound trauma inflicted by the recent conflict The book also establishes the entangled social networks galleries exhibitions and institutions sustaining their work and providing entr e into local artistic circles Focusing on a series of specific exchanges this study contributes to our understanding American modernism in an international context **Consuming Pleasures** Daniel Horowitz,2012-03-15 How is it that American intellectuals who had for 150 years worried about the deleterious effects of affluence more recently began to emphasize pleasure playfulness and symbolic exchange as the essence of a vibrant consumer culture The New York intellectuals of the 1930s rejected any serious or analytical discussion let alone appreciation of popular culture which they viewed as morally questionable Beginning in the 1950s however new perspectives emerged outside and within the United States that challenged this dominant thinking Consuming Pleasures reveals how a group of writers shifted attention from condemnation to critical appreciation critiqued cultural hierarchies and moralistic approaches

and explored the symbolic processes by which individuals and groups communicate Historian Daniel Horowitz traces the emergence of these new perspectives through a series of intellectual biographies With writers and readers from the United States at the center the story begins in Western Europe in the early 1950s and ends in the early 1970s when American intellectuals increasingly appreciated the rich inventiveness of popular culture Drawing on sources both familiar and newly discovered this transnational intellectual history plays familiar works off each other in fresh ways Among those whose work is featured are Jürgen Habermas Roland Barthes Umberto Eco Walter Benjamin C L R James David Riesman and Marshall McLuhan Richard Hoggart members of London's Independent Group Stuart Hall Paddy Whannel Tom Wolfe Herbert Gans Susan Sontag Reyner Banham and Robert Venturi and Denise Scott Brown **Written in Water** Rochelle

Gurstein, 2024-05-28 A deeply personal yet broadly relevant exploration of the ephemeral life of the classic in art from the eighteenth century to our own day Is there such a thing as a timeless classic More than a decade ago Rochelle Gurstein set out to explore and establish a solid foundation for the classic in the history of taste To her surprise that history instead revealed repeated episodes of soaring and falling reputations rediscoveries of long forgotten artists and radical shifts in the canon all of which went so completely against common knowledge that it was hard to believe it was true Where does the idea of the timeless classic come from And how has it become so fiercely contested By recovering disputes about works of art from the eighteenth century to the close of the twentieth Gurstein takes us into unfamiliar aesthetic and moral terrain providing a richly imagined historical alternative to accounts offered by both cultural theorists advancing attacks on the politics of taste and those who continue to cling to the ideal of universal values embodied in the classic As Gurstein brings to life the competing responses of generations of artists art lovers and critics to specific works of art she makes us see the same object vividly and directly through their eyes and feel in all its enlarging intensity what they felt **Play in Provence, sketches written and drawn by J. and E.R. Pennell** Joseph Pennell, 1892 **Saving Abstraction** Ryan Dohoney, 2019-09-16 Saving

Abstraction Morton Feldman the de Menils and the Rothko Chapel tells the story of the 1972 premier of Morton Feldman's music for the Rothko Chapel in Houston Built in 1971 for people of all faiths or none the chapel houses 14 monumental paintings by famed abstract expressionist Mark Rothko who had committed suicide only one year earlier Upon its opening visitors responses to the chapel ranged from spiritual succor to abject tragedy the latter being closest to Rothko's intentions However the chapel's founders art collectors and philanthropists Dominique and John de Menil opened the space to provide an ecumenically and spiritually affirming environment that spoke to their avant garde approach to Catholicism A year after the chapel opened Morton Feldman's musical work Rothko Chapel proved essential to correcting the unintentionally grave atmosphere of the de Menil's chapel translating Rothko's existential dread into sacred ecumenism for visitors Author Ryan Dohoney reconstructs the network of artists musicians and patrons who collaborated on the premier of Feldman's music for the space and documents the ways collaborators struggled over fundamental questions about the emotional efficacy of art

and its potential translation into religious feeling Rather than frame the debate as a conflict of art versus religion Dohoney argues that the popular claim of modernism's autonomy from religion has been overstated and that the two have been continually intertwined in an agonistic tension that animates many 20th century artistic collaborations *Lawrence Alloway* Lucy Bradnock, Courtney J. After Modernist Painting Craig Staff,2013-03-14 Painting has often been declared dead since the 1960s and yet it refuses to die Even the status and continued legitimacy of the medium has been repeatedly placed in question As such painting has had to continually redefine its own parameters and re negotiate for itself a critical position within a broader more discursive set of discourses Taking the American Clement Greenberg s Modernist Painting as a point of departure After Modernist Painting will be both a historical survey and a critical re evaluation of the contested and contingent nature of the medium of painting over the last 50 years Presenting the first critical account of painting rather than art generally this book provides a timely exploration of what has remained a persistent and protean medium Craig Staff focuses on certain developments including the relationship of painting to Conceptual Art and Minimalism the pronouncement of paintings alleged death its response to Installation Art s foregrounding of site how it was able to interpret ideas around appropriation simulation and hybridity and how today painting can be understood as both imaging and imagining the digital After Modernist Painting is an invaluable resource for those seeking to understand the themes and issues that have pertained to painting within the context of postmodernism and contemporary artistic practice Antiquities
