Hong, 1997-04-11 An analysis of the CSCE OSCE process from the perspective of security regime formation and an evaluation of its contribution to European security This book systematically examines the whole CSCE OSCE process from a non European perspective bearing in mind the transferability of the OSCE to other regions This book displays innovative research on security regimes by presenting an empirical case study of the CSCE OSCE **China's Relations with Arabia and the Gulf 1949-1999** Mohamed Mousa Mohamed Ali Bin Huwaidin, 2003-09-02 This book provides a detailed analysis of China's foreign policy towards the Gulf and Arabian peninsula region from the establishment of the People's Republic of China in 1949 to the end of the 20th century

Based on extensive original research it looks at the relations between China and each of the countries of the region over the entire period. It demonstrates that two key factors have shaped China's foreign policy with the region: China's relations with the United States and the Soviet Union and China's drive to increase its economic ties with the countries of the region, especially after becoming a net importer of oil in the early 1990s. *The Treaty on Conventional Armed Forces in Europe* Catherine McArdle Kelleher, Jane M. O. Sharp, Lawrence Freedman, 1996. The Cumulative Book Index, 1996. A world list of books in the English language. International Relations Frederic S. Pearson, J. Martin Rochester, 1998. This is a major revision of our successful introduction to International Relations. The authors seek to bridge the gap between academic theory and applied concepts by continuing to develop the book's theme that the complex relationships between the world's state and non-state players must be understood before one can make intelligent judgments about international affairs. In this way the book readily appeals to students in many related majors. In this edition Pearson and Rochester infuse the entire book with a post-Cold War frame of reference. The growing diffusion of power, the growing fluidity of alignments, all represent current key trends that are discussed in this edition. Proceedings of the ... Pugwash Conference on Science and World Affairs, 1997. *Nuclear-non-proliferation in India and Pakistan* P. R. Char, Pervaiz Iqbal Cheema, Iftekharruzzaman, 1996.
