Technology And Social Change In Rural Areas Gene F Summers, 2019-07-11 The possibility of nuclear war the failure of the Green Revolution the capabilities of genetic engineering and other actual and potential effects of technological innovations have created demands for a more humane application of technology Addressing this issue *Technology and Social Change in Rural Areas* is a clear assessment of the current state of affairs The book begins with a discussion of the changing paradigms of technology adoption and diffusion the dynamics of public resistance and the question of social responsibility in an age of synthetic biology In subsequent sections the contributors assess the revolutionary effect of technology on agriculture worldwide and conclude that radically new public policies are essential expose the transformations of rural life and communities that result from the localized effects of technology and its use as a weapon in world system politics and critically examine the appropriate technology movement The essays are presented to honor Professor Eugene A Wilkening for his many pioneering and lasting contributions to the study of technology and rural social change The book includes an intellectual biography of Professor Wilkening written by his long time colleague and friend William H Sewell [Agriculture And Community Change In The U.S.](#) Louis E. Swanson, 2019-04-11 This book contains the Office of Technology Assessment commissioned papers analyzing the Northeast South Midwest the Great Plains and the West of the U S **The**

Future Of Rural America Kenneth Pigg, 2019-07-09 It has been my pleasure to work with a distinguished committed and cooperative group of contributors to this volume They have taught me how to perform the editing role and put up with innumerable and probably insufferable suggestions I have been privileged to work with exceptionally fine individuals in this endeavor and will count that among my many blessings **The Rural South In Crisis** Lionel J Beaulieu, 2019-07-09 This book captures the views of students of rural America on the serious state of affaire in rural South areas and on the strategies for stimulating improvements in the well being of rural Southerners It spurs policymakers leaders and rural residents to redress the ills of the rural South *My Own Boss?* Patrick H Mooney, 2019-06-03 American agriculture has undergone dramatic transformations in the four decades that have passed since the end of World War II The most obvious is the decline in the number of people living and working on farms Wisconsin generally reflects many of these national trends In 1945 the agricultural census reported 177 745 farms in Wisconsin By 198

The Impact Of Population Change On Business Activity In Rural America Kenneth M Johnson, 2019-07-11 Dr Johnson moves beyond the existing literature on rural urban population shifts during the past forty years to examine the effects of those shifts on the business infrastructure that supplies goods and services to rural areas in the United States First establishing a historical demographic context to serve as a backdrop he provides a detailed longitudinal treatment on the linkage between population change and the rural commercial infrastructure as well as timely information on the impact of the recent rural population turnaround on business Some of his

findings based on the latest data available refute earlier expectations that a decrease in population necessarily leads to a decline in the local business community *Rural Policies For The 1990s* Cornelia Flora, James A Christenson, 2019-07-11

Crisis in rural America is by now an all too familiar complaint yet the problems presented by changing demographics economic decline and increasing poverty persist They have not vanished with a new administration However with a new farm bill in the offing now is the time for a fresh initiative to assess the difficulties facing nonurban America and to offer positive solutions *Rural Policies for the 1990s* written by some of the foremost experts on rural America focuses on policy relevant research Within a carefully crafted framework the contributors present stimulating discussions on resolving problems and improving the situation in rural areas Looking at the crucial issues of employment demographics environment technology and the global impacts of national and international policies they offer a broad analysis that is neither regionally based nor biased The result is not an advocacy book but one that effectively enhances our understanding of the problems facing rural America and presents concrete proposals for revitalizing it **Research, Realpolitik, And Development In Korea** Larry Burmeister, 2019-07-11 This book explores the politics of Korean developmental state and commitment of state agents to rapid industrialization within world political economy focusing the Korean green revolution It assesses how differences in state society relationships affect agricultural research system priorities *Comparative Social Dynamics* Erik Cohen, 2019-02-22 These original articles relate to major themes in the comparative study of the dynamics of cultures modernization and social and political change The authors ranking scholars in their fields provide fresh and important insights to the study of topics such as the interface of anthropological and sociological theory the dynamics of Latin America

Family Farming In Europe And America Boguslaw Galeski, 2020-09-23 Much has happened since agricultural economists and rural sociologists met at the University of Chicago in 1946 to discuss family farming The problems and issues related to the structure of agriculture have been intensified by current economic considerations which promote the growth of larger scale commercial farming operations and edge out many smaller farms owned operated and worked by families In this book contributors from eleven nations in Europe and North America provide a comparison of farm structure under different economic and political systems including Poland as an example of a non market economy In addition to providing information on how local state and international policies have affected the agricultural enterprise they look at the role of farmers organizations in policy formulation and take note of changes in farm patterns and policies that have had an impact on farm production off farm work and the welfare of farm families and rural communities
