Ted Bundy - The Serial Killer Next

Door Joe Blake,2021-11-09 Ted Bundy is generally regarded to be the third most prolific American serial killer in history Those who knew Bundy as a young man considered him to be preppy and square They did not detect any dark heart or evil lurking in the body of Ted Bundy Yet this is a man who murdered women and children and bludgeoned victims with pipes and crowbars A man who shot and stabbed people and sexually abused the corpses of his victims This is a man who would leave his victims covered in bite marks and then saw off their heads By any standards this was an evil and ruthless man And yet Bundy didn't look like a serial killer at all He seemed alarmingly normal and kind to those who knew him How was Bundy able to fool so many people and hide his true nature from them Who exactly was Ted Bundy and why are we still fascinated by his harrowing story

Judging Evil

Samuel H. Pillsbury,1998-10 Why do killers deserve punishment How should the law decide These are the questions Samuel H Pillsbury seeks to answer in this important new book on the theory and practice of criminal responsibility In an argument both traditional and fresh Pillsbury holds that persons deserve punishment according to the evil they choose to do regardless of their psychological capacities After considering potential objections to this approach including those based on determinism unjust social conditions and the alleged cruelty of retribution he presents an extended critique of American homicide law Using real case examples Pillsbury offers concrete proposals for legal reform urging that modern preoccupations with subjective aspects of wrongdoing be replaced with rules that focus more on the individual's motives

Dark Thoughts Steven Jay Schneider, Daniel Shaw, 2003 Is horror a fundamentally nihilistic genre Why are those of us who enjoy horror films so attracted to watching things on screen that in real life we would almost certainly find repellent Do monster movies have a deleterious moral effect on their viewers In seeking to answer such questions as well as a host of related ones *Dark Thoughts* reveals that our fascination with horror cinema and the pleasure we take in it is in the end simply a natural extension of a philosopher s inclination to wonder This is a collection of highly engaging and provocative essays by top scholars in the increasingly interrelated fields of Philosophy Film Studies and Communication Arts that deal with the epistemology aesthetics ethics metaphysics and genre dynamics of horror cinema past and present Contributors include Curtis Bowman No l Carroll Elizabeth Cowie Angela Curran Cynthia Freeland Michael Grant Matt Hills Deborah Knight George McKnight Ken Mogg Aaron Smuts Robert C Solomon and J P Telotte Over the past several years one of the hottest topics in the realm of philosophical aesthetics has been cinematic horror The emotional

effects it has on audiences the mysterious metaphysics of its impossible beings the controversial ethics of its violent contents these are just a few of the concerns to have drawn the attention of scholars and students alike not to mention the genre's legions of fans Since the publication of Noel Carroll's groundbreaking study *The Philosophy of Horror or Paradoxes of the Heart* 1990 and including most recently Cynthia Freeland's *The Naked and the Undead: Evil and the Appeal of Horror* 2000 a plethora of articles have been authored by seemingly normal philosophers about the decidedly abnormal activities of the antagonists of fright flicks
